Whether Politics or Red Tape, Dobrey Drainage Relief Stalled

By HARRY BARNES
Press-Record Staff Writer

A state-sponsored plan to build a new drainage ditch that would relieve the Dobrey Slough area in Nameoki Township of flooding during heavy rains goes into its third year this week — but so far not a shovel of dirt has been turned and there is little prospect of beginning work in the immediate future.

Renewed efforts to get the project moving were initiated last week in a public meeting attended by more than 100 persons in the Nameoki Town Hall. But much of the discussion consisted of criticism of the East Side Levee and Sanitary District and ended with a decision to make another appeal to the levee district board of trustees—this time for cooperation in a plan to lower the level of Horseshoe Lake.

Charges that "politics" and "buck passing" have been primarily responsible for the long delay in construction of the drainage improvements were made by several Dobrey Slough area residents. Their criticisms were aimed principally at the levee board for its failure to secure right-of-way necessary for construction of a drainage canal to relieve Dobrey flooding.

Among these were Mrs. Helen Hawkins, 2600 Angela Drive, a leader of area residents who have sought improved drainage conditions since heavy rains in July 1969 flooded many homes on Angela Drive, Roney Drive and other parts of that Nameoki Township area, as well as homes on Lynch Avenue, Vesel Avenue, Stearns Avenue and other streets in Granite City.

Mrs. Hawkins, who also is chairman of the Intergovernmental Citizens Committee, a public officials and push for accomplishment of drainage improvements, criticized the levee board — and particularly William "Mike" Ebersold of Venice, president of the levee board — for what she termed "abdoning the people" in their bid to get the drainage canal built.

Mrs. Hawkins and the citizens group also have been critical of the levee board because the state plan to build the drainage canal has been delayed by the lack of several sections of right-of-way which owners refused to sell.

The critics contend that condemnation proceedings were to have been filed in April 1971, but that the levee district attorney delayed until September the filing of the proceedings in circuit court at Edwardsville.

Whether the cause be politics, buck passing or other circumstances, the Dobrey Slough project has been shunted aside for two years, with the state, the levee district and the city all getting into the act.

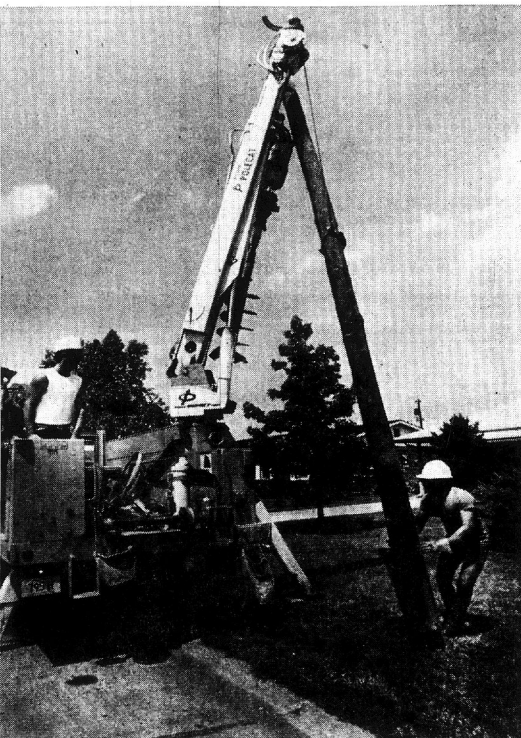

The project was conceived in April 1970 when Ebersold, responding to demands from residents of the area that something be done to avert a repetition of the July 1969 flooding, obtained authorization to plan a drainage ditch from Dobrey Slough to the Dobrey Slough drainage canal. The levee board authorized acquisition.

At that time, Ebersold told the other trustees that the ditch would cost about \$20,000 or \$30,000.

In the same meeting, the trustees endorsed a plan permitting Granite City Steel Co. to install an additional large steel culvert at the southern edge of Horseshoe Lake about a half-mile west of Route 111.

The culvert installation was pertinent to the Dobrey Slough improvement since the culvert would permit a more rapid flow from Horseshoe Lake into the Cahokia Drainage Canal, thereby lowering the lake level to accommodate the additional flow of water from the Dobrey Slough area without damaging surrounding farm property.

300 FEWER TELEPHONE POLES. Southwestern Bell's Len Plummer (on truck) and Archie Schwehr use a "polecat" to ease a telephone pole from its former resting place along Edgewood Avenue in Granite City. The poles, no longer needed for discontinued long distance facilities, are being given away to interested parties.

Poles and Cables on Way Down

Environmentally speaking, things are looking up in the Granite City area. 309 telephone poles and more than 11 miles of aerial cable are being taken down.

Dale Kaeshoefer, unit manager for Southwestern Bell Telephone Co., said the cable and pole removal is part of a \$12,000 project under way that will eliminate two vacated long distance routes between St. Louis and Springfield, Ill.

"This environmental face-lift also calls for our construction crews to remove nearly 14 miles of underground cable," Kaeshoefer said.

"Much of this cable is across the river in St. Louis running from the company's long distance switching center to a point near the Chain of Rocks Bridge here in Illinois."

"The cable is being fed onto reels and sent to National Lead Co. for recycling," he added. "Most of the poles are being donated to interested parties. The rest are so old that they're not worth saving."

Illinois Bell construction crews pick up the project from a point north of Granite City and are removing the cable and poles the remainder of the way to Springfield.

A new long distance cable route replaced the vacated route in March.

Jacob Robertson of Venice Dies at 104

A Venice man who had attained the age of 104 died at 6:45 a.m. Friday at the Elder Care Nursing Home, Alton. He had been in failing health for four years.

Jacob Robertson, a native of Hardin County, Ill., resided in the Quad-Cities 20 years. His address here was 315 Third St., Venice, and he had been under hospital care for the past eight months.

A retired machinist, Mr. Robertson was a member of St. Mark's Catholic Church, Venice.

He is survived by his wife, Mrs. Chiffie Robertson, and one son, Johnnie Robertson of Venice.

Services were held at a Madison funeral home Saturday, with burial at Calvary Cemetery. An obituary notice is given elsewhere in this issue.

Anti-Pollution Progress Cited As Scott Effort Ends 3rd Year

A detailed environmental status report released today by Attorney General William J. Scott shows legal action against Illinois polluters at the rate of one every three days for the last three years.

The statewide report was released on the third anniversary of antipollution laws, fought through the legislature by

George Valicoff Hurt, Condition Today Fair

George Valicoff, 45, of 1540 Lindell Blvd., owner of Alright Cleaners, 2209 Madison Ave., was seriously injured when his right upper arm became caught in a compressor at the cleaning establishment and he was thrown to the floor at 10:45 a.m. Friday.

He was taken to St. Elizabeth Hospital with injuries including an extensive laceration to the upper right arm and loss of skin. He underwent immediate surgery and was admitted as a patient; his condition today is fair.

Two Hurt in 2-Car Crash on Route 203

Mrs. Alice McGone, 78, of 66 Lee Wright Homes, Venice, and Curtis Betts, 58, of Brooklyn, were injured when the car in which they were riding and another car collided on Route 203 near the Moto Service Station, south of Madison, at 9:30 p.m. Saturday.

They were passengers in the auto of Helen Isaacs of Venice. Mrs. McGone was admitted to St. Elizabeth Hospital with pain to her right shoulder, neck and spine. X-rays were taken. Betts was examined for pain to his neck and was released following x-rays.

Scott, empowering the attorney general's office to sue polluters anywhere in the state. Today's three-year report lists the status, including corrective action and penalties, of 370 separate anti-pollution cases.

Scott said that when he first began his program of prosecution under the new law in 1969, the extent and severity of the pollution problem was not generally recognized.

He added: "Today, three years later, one of the most significant contributions my office has made to the welfare of the people has been that our legal battles against major polluters of our environment have aroused public awareness of the problem not only locally but throughout the nation."

Scott said the involvement of his office in Illinois anti-pollution activity in the last three years included 110 cases in the various circuit courts of the state, approximately 230 cases before the Pollution Control Board, 49 cases in the upper courts and a series of actions in federal courts involving the auto manufacturers and polluters in neighboring states.

Scott's report lists nine "major landmark" victories scored by his office against polluters: 1. American Asphalt Co. litigation in Cook County Circuit Court resulted in a permanent injunction and established state common law powers for the attorney general to sue polluters.

2. Extended legal encounters with U. S. Steel and Interlake Steel resulted in the first court orders in the U. S. requiring "closed" recycling systems to halt all water pollution from the giant steel plants.

3. Successful litigation

against all major airlines using Illinois airports to require all new commercial jets built in the U. S. after 1971 to be smokeless — and the retrofit of more than 3,000 existing jet engines with smokeless pollution control units by the end of this year.

4. The Commonwealth Edison case—for the first time in the U. S.—established that the pollution problem was not determined by a utility's request

News Notes Maggie Moellenbrock Store Closes After 59-Year Span

For 59 years—since the pre-World War I era—the Moellenbrock Dry Goods Co. has been in regular operation at 1224 Nineteenth St. But the retail store, popularly known as Maggie's, ended that record Saturday, closing permanently.

Featuring women's and children's clothing and yard goods, the store has been operated by a niece of the founder since Miss Maggie Moellenbrock, 2124 Edison Ave., began residing at The Colmanides nursing home three years ago.

Miss Moellenbrock is bedfast but remains alert and has kept in regular contact with her niece, Miss Helen Heinemann, Rural Route One, Granite City.

Miss Heinemann was not associated with the store at the time it was opened in 1913, but she is not exactly a newcomer, either; she has been a member of the sales staff 43 years.

Roger and Penny Perry, son and daughter-in-law of Senator

Charles H. Perry (R, Ill.), will be in Madison County on Thursday. They will attend the Madison County Fair at the fair grounds in Highland at 6 p.m.

Lloyd Henney of Glen Carbon has entered a fox-trotter in the Hillsboro, Mo., Horse Show and Festival on July 27, 28, 29 and 30. The annual event includes a 56-class horse show, a home economics exhibit, entertainment and a midway with rides, displays and exhibits.

John R. Henne, 59, Belleville, executive vice-president of the St. Clair County Taxpayers' Association, died of lung cancer Friday at Belleville Memorial Hospital. The funeral was this morning at Blessed Sacrament Catholic Church.

Robert Stanton of Granite City has been named to the special Community Services

GOP Claims Big Win In State, So Does Democrats' Walker

This may be the political "jolt" between the Democratic and Republican national conventions, but the latter part of the past week brought many developments.

Among them was President Richard M. Nixon's decision Saturday to again recommend Vice-President Spiro Agnew as his Republican running mate, to "not break up a winning team" of 1968 in the 1972 race against Democrats George McGovern and Thomas Eagleton.

Clara MacGregor, the Nixon campaign manager, said Friday the President will carry Illinois by 250,000 votes Nov. 7. He also predicted that the GOP will gain a majority of the Illinois seats in Congress, now divided 12-12.

Governor Richard B. Ogilvie, chairman of the Illinois GOP delegation, on Friday appointed John Henry Atorfer, Peoria industrialist, as caucus chairman of the delegation.

One of 40 elected Republican delegates to the Aug. 21-23 meeting in Miami Beach, Atorfer was Ogilvie's 1968 primary foe.

With Democratic gubernatorial Daniel Walker's staff claiming he still leads Ogilvie 2-1 in polls, State Rep. Henry Hyde (R) of Chicago said a new committee will challenge Walker campaign statements involving "deceit and distortion" of the Ogilvie record.

The family of Policeman Albert Young reports the youngster commented last week, "I'll remember this always," after viewing Yellowstone Park and the Grand Teton mountain range, which is pictured above. The Youngs wrote to the Press-Record, "We'd like to thank you for helping make this trip possible."

Madison School Board Agrees To Tour Schools With Parents

By GARY SCHNEIDER
Press-Record Staff Writer

The Madison Board of Education and a group of residents of Madison District 12 will tour all schools in the district prior to the opening of school and Chester McManaway, board member, added that he felt a committee of parents should go with them.

Mrs. Madison said a group of parents would be selected to join in the tour. Board members agreed to begin the tour at 10 a.m. Saturday at Dunbar School, "so that we don't have to come to an unnecessary conflict again this year."

Last August, parents kept their children out of school the first few weeks because they alleged the school was not clean, that ladders, paint cans and other debris were cluttering the halls and classrooms and creating a dangerous situation for the children.

National Primary Idea Deserves Study -- Howlett

A national primary for Presidential and vice-presidential candidates was advocated Sunday by Michael J. Howlett, Democratic candidate for Secretary of State.

Howlett, who is concluding his third consecutive four-year term as Auditor of Public Accounts, was the featured speaker of Democratic Day at the Marshall-Putnam County Fair, in the fairgrounds amphitheater at Henry, Ill.

Howlett said a national primary would open up the decision-making process to widest possible participation and would not be more expensive or exhausting than the present system of caucus primaries leading to national conventions.

"President Woodrow Wilson favored a primary in all states would nominate their choice for President and vice-president on the same day," said Howlett.

"More recent suggestions have been for national or regional primaries in which candidates would be recommended to convention delegates.

Many Advantages

"There are many advantages to the system we have now. John F. Kennedy and George McGovern carried conviction after first carrying their message to voters in state primaries.

"The state primaries held over a period of four months, give national exposure to potential national leaders and test their ability to meet the issues.

"But it is impossible for any candidate to campaign effectively in all the state primaries. And the rigors of the campaign itself wear out the candidate, and his pocketbook.

"Convention delegate selection is not uniform among the states. In Illinois, for instance, a candidate for delegate needed 50,000 or 60,000 votes to be elected in some districts. In Florida, a preferential primary bound delegates to a Presidential candidate on the first convention ballot in each congressional district. But after the primary, the delegates were elected in congressional district meetings attended by a few hundred to a thousand people.

"Woodrow Wilson, as Governor, brought direct primary reforms to New Jersey. As President, in his first message to Congress in 1913, the first delivered in person by a President since 1797, he suggested a national primary for President.

"His proposal would have taken the nominating process out of the conventions and given it directly to the people.

"A more recent proposal, to provide for a single national primary for President and vice-president by both parties on the same day in August has been brought up in Congress by Senators Mike Mansfield and George Aiken.

No Cross Filing

"Provision would be made also for minor party candidates. There could be no cross-filing, and the responsibility for conducting the primary would be left mostly to individual states. There would be a runoff only

when no candidate received more than 40% of the vote.

"A national primary would work better than what we have now. It would reflect the will of the people more accurately at a time nearer to the election itself.

"Our existing system contradicts itself. The Presidential preferential primary in Illinois meant nothing. Senator Muskie carried it. He also brought in 59 delegates elected under his banner — more than any other candidate. But Senator McGovern, who brought in only 14 delegates on March 21 in the primary, was the choice of 119 on July 12, at the convention, when it counted.

"Selection of a vice-presidential nominee also is too important to be left to the judgment of one man. One out of three vice-presidents in American history have become President. We should open up this decision to all the voters of the party.

"Even if we made a national primary direct and final, we would not need to give up conventions. We would still want conventions to adopt a platform, to hear acceptance by the Presidential and vice-presidential nominees and to conduct primary business."

'Roundup to End Recreation Program

"A Children's Salute to Broadway" will be the theme of the "summer roundup" of the Granite City Park District's summer recreation program at 7:30 p.m. Thursday at Wilson Park ice rink. It was announced today by Mrs. Helen Bjorkman, area supervisor.

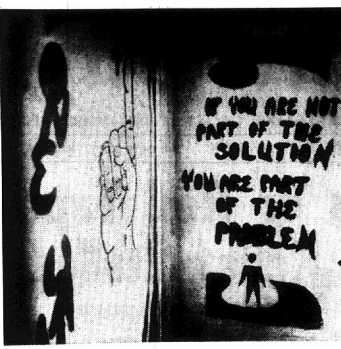

Entertainment will be furnished by each playground and there is to be a watermelon eating contest, awarding of ribbons and a tour of the Indian Village handicraft display.

Susan Doty, supervisor of crafts, will display items made by the children from each of the 10 centers.

All parents are invited to attend the evening of entertainment, concluding the summer program arranged for children of park district residents, Mrs. Bjorkman added. Admission is free.

The musical program will be staged and directed by Steve Suess, director of the park district Children's Theatre. Presentations will include, "Give My Regards to Broadway," by Namecki; "The King and I," Washington; "Happy Talk," McKinley; "Do-Re-Mi," Wilson; "Seventy-Six Trombones," Community Center.

"Kids," Niedringhaus; "Supercalifragilisticexpialidocious," Logan; "Talk to the Animals," Marshall; "Big Spender," Parkview and "Happiness," Webster.

RED SHIELD ENTRANCE. The entranceway to the Salvation Army youth recreational center in the basement of the Corps building, 19th Street and Grand Avenue, has been brightly decorated. The mural on the left shows the new Christian youth theme, "One Way Through Christ," symbolized by the hand and one finger raised upward. A slogan mural that could be heeded by all, is on the right.

The auto of Anna L. Dale, Rural Route One, Box 685, reportedly struck the parked car of Roger Knobloch, 2211 Lincoln Ave., in the 2500 block of East 24th Street at 10 p.m. Thursday. The impact pushed the parked car into a yard at 2332 E. 24th St., police said.

Antique Auto Parts Market at State Fair

A flea market will be a new attraction at the Antique Auto and Sports Car Meet at this year's Illinois State Fair, Secretary of State John W. Lewis has announced. The meet will be held Saturday, Aug. 19, on a parking lot just inside Fairgrounds Gate 11. Lewis is superintendent of the event.

"Flea markets have become increasingly popular features of antique auto events in the last several years, and I am pleased that the State Fair management is able to allocate enough additional space to us so participants of our meet can have the opportunity to buy, sell or swap car parts and accessories," Lewis said.

Only articles and materials directly pertaining to the antique and auto hobby will be permitted at the flea market.

The fair will be in progress Aug. 11-20. Throughout that period, Lewis said, a group of 14 cars representing antique, classic, special merit and sports classification will be on exhibit in a tent on the Avenue of Flags, opposite the entrance to the grandstand. Featured car in the exhibit will be the grand champion of last year's meet, a 1911 Lister owned by Kenneth Pearson of Crystal Lake.

Leon Green Heads Internal Revenue Service District

Springfield — The Internal Revenue Service on Thursday named Leon C. Green district director of the IRS Springfield District.

He succeeds Jay G. Philpott, who retired June 30.

The Springfield District serves central and southern Illinois. In the fiscal year ended in June 1971, the district's individual and corporate taxpayers filed 1.1 million returns representing \$1.8 billion in federal taxes.

A career government official, Green joined the IRS in 1949 as a revenue agent in Springfield. Before transferring to Washington, D.C., in 1960, he held a number of key positions in the Springfield IRS District.

In Washington, his last assignment was as deputy assistant commissioner for compliance. He recently participated in the IRS executive selection and development program.

A native of Alamogordo, N.M., Green, 48, earned his B.S. degree in business administration at Washington University, St. Louis. He served three years in the Army Air Corps in World War II, including two years in the Pacific.

He is married to the former June Miller of Lebanon, Ill. They have one son, Russell, 24.

The Alton Rescue Squad recovered his body 50 yards from the shore, one and one-half miles south of the Chain of Rocks Bridge at 6:05 p.m. Friday. He was declared dead at the scene by Madison County Deputy Coroner Raymond Thomas.

Scott left his home at 7:30 a.m. Friday to fish with friends, Thomas Favron, Angela Long, 12, and Favron's daughter, Sharon Favron, 10.

Favron said he was fishing on the rock dam by the bank and Scott was about 200 feet from the shore on the dam. Favron said he caught a fish and returned to the shore with it and when he turned around, Scott was gone.

The girls reported they saw Scott lose his balance and fall into the water. Madison County sheriff's deputies were summoned at 12:45 p.m. and the search for the body by the rescue squad began at 2:40 p.m.

Scott is survived by his widow, Barbara, and three children. Funeral arrangements are pending at an East St. Louis funeral home.

Four Injured as Car Overturns in I-270
Four travelers were injured when their auto, westbound on Interstate 270, was forced off the pavement by an eastbound car, driving in the westbound lanes, at 1:50 p.m. Saturday.

The auto of Charles F. Wright, of Lyndon, Ohio, overturned several times on the embankment one and one-half miles east of Route 111. The car, which forced them from the pavement continued east without stopping.

Two passengers in the car, Wright's wife, Mrs. Janice Wright, 31, and Mrs. Gladys Parrett, 72, of Greenfield, Ohio, were taken by ambulance to St. Elizabeth Hospital. The driver was taken to the hospital. All were admitted.

Mrs. Janice Wright suffered a pain to her neck and upper back. Mrs. Parrett sustained a cut to her right knee and contusions about her right eye. She complained of pain to her left ribs and spine. X-rays revealed a bone fracture.

The driver was admitted with multiple injuries and his mother suffered abrasions to her left knee and right ankle and complained of pain to her lower spine and left hip. X-rays revealed a fractured pelvis.

Mayor Partney Home; Visitors Limited
Mayor Donald Partney of Granite City returned home Saturday from St. Luke's Hospital, St. Louis. He had been hospitalized since June 2.

The mayor underwent lung surgery July 3, at St. Elizabeth Hospital. His wife, Mrs. Ruth Partney, said today that the mayor is convalescing and that doctors have suggested the number of visitors be limited.

funds, the levee district sought federal aid in developing a Drebrey Slough drainage improvement, but with exception of several meetings with representatives of the U. S. Army Corps of Engineers, no definite action was taken.

Ebersold subsequently went to Springfield, where he presented the problem to state officials.

In July 1970, the Illinois Division of Waterways, under direction by Gov. Richard B. Ogilvie, announced it would step into the picture and build a drainage canal. An appropriation of \$110,000 was approved by the legislature.

Under the program developed by the state, the levee district was to provide the right-of-way for a canal that would originate in the vicinity of Angela Drive, cross Pontoon Road and proceed almost due south to Horseshoe Lake.

This route would eliminate Ebersold's originally proposed connection with the Nameoki drainage canal, on the theory that the additional drainage might overtax the Nameoki ditch.

The levee district approved an appropriation of \$40,000 to pay for the easements.

Acquisition of right-of-way began in the fall of 1970 and continued until the following spring, when Ebersold announced that all right-of-way was available except three parcels whose owners refused to grant easements.

The levee district decided to file condemnation proceedings and instructed Attorney Harry Hartman of Venice to do so.

Meanwhile, Mayor Donald Partney of Granite City, during meetings held to discuss the drainage problem, suggested to John Gullion, director of the Illinois Waterways Division, an alternative route that would take the canal along the right-of-way of the Alton & Southern Railroad, bypassing the disputed right-of-way.

way sought by the levee board.

Gullion rejected the suggestion, saying that the legislature had appropriated state funds for the project on the basis of a specific plan and that any change in that plan would have to be presented again to the legislature.

The delay that followed in filing condemnation proceedings for the canal construction became one of the principal criticisms, not only from residents of the area, but from the waterways division as well.

The proceedings were filed in September, but hearings have not yet been set.

Early this year, Governor Ogilvie appointed James Pirtle, an East St. Louis Republican, as a member of the levee board to replace Morris Campbell, an East St. Louis trustee who was convicted of misuse of district funds and ordered removed from the post.

The two remaining members of East St. Louis' levee board are Ebersold and Lawrence Tolson.

Meet in Springfield

Earlier this year, Mayor Partney's letter, his suggestion of an alternative route to avert further delay in obtaining easements for the drainage canal, was originally proposed by the state. Partney negotiated the easements along his proposed route. Several months ago took the matter to Gullion and other officials at Springfield.

Gullion told the mayor in a conference attended by city officials and State Senator Sam Vadalabene (D-Edwardsville) that the proposal would be considered.

In Tuesday night's meeting at Nameoki Town Hall, Vadalabene read a letter from Gullion, announcing that the state intends to follow its original plan, thus rejecting again the idea of an alternate route.

At the same time, Gullion said in the letter that the state contribution has been increased to \$150,000 for the drainage work with the \$40,000 appropriated by the levee district for the easements, this would involve a total of \$190,000 for the project. The alternate plan suggested by Mayor Partney was estimated to cost \$250,000.

As a result of the decision reached Tuesday night, a committee headed by Bill Nichols, one of the major landowners in the Horseshoe Lake area, will appear at the levee board meeting in East St. Louis Aug. 9 to discuss use of some of the \$40,000 to install the culvert at the south end of the lake.

Nichols told the meeting Tuesday night that he has discussed the right of way problem with

Hire the Handicapped Poster Winners Chosen

Connie Edwards, 17, of 3121 Myrtle Ave., a Granite City High School senior, and Don Karpowicz, 14, of 3005 Princeton Drive, a ninth grade student at Coolidge Junior High School, were declared the first place winners Thursday afternoon in the annual "Hire the Handicapped Poster Contest."

Three judges reviewed the work of about 20 semi-finalists at the Illinois State Employment Service (ISES) office, 2050 Iowa St., selecting first through fourth place finalists in two age classifications and three finalists in a new younger age division.

The four top entries in Class I (11th and 12th grades) and Class II (9th and 10th) will advance to a state-wide contest to be held next month in Chicago.

Judging will take place in conjunction with a conference sponsored by the Illinois Disabled American Veterans, Illinois State Employment Service and industrial concerns. Close to 1,000 people are expected to attend the annual event.

Posters entered at the state level also will be displayed for public inspection at the Chicago Art Museum, Andy Gitchoff, a DAV Chapter 33 official, reported.

Joint Sponsorship

The local contest was staged under the auspices of the local ISES office and DAV Chapter 33.

Judges here were Tom Kolesa, acting general manager of the Manufacturers Association of the Tri-Cities; Malcolm E. Thompson, local state employment office manager; and Gitchoff.

In the Class I division, restricted to 11th and 12th grade students, other awards went to Theresa Ward, 17, of Rural Route Two, Box 794FF, second place; Rekina Mamerick, 16, of 2225 Clark Ave., third; and Jerry Ray Poore, 17, of 2205 Edison Ave., honorable mention.

Class II finalists, with the Karpowicz youth were: Tiana Toth, 19, of 3228 Calgate Place, second; Steve Spireff, 15, of 3117 Davis Ave., third; and the owners who have refused to sell easements, and that he is convinced they will grant the easements if guaranteed that the lake level will be lowered.

Ebersold said this week that he already has authorized the Horner & Shufren engineering firm of St. Louis to meet with Granite City Steel Co. officials to arrange installation of the culvert.

Alice Daniels, 15, of 2099 Dodge Drive, honorable mention.

Winning entries in the Class III division, new to the contest this year, were submitted by Tammie Jones, 13, of 1475 Old Alton Road, first; Jody War-mack, 13, of 2504 Buxton Ave., second; and Terry Havens, 13, of 3117 Fehling Road, third.

First and second place winners in the Class I and Class II divisions will receive an all-expense paid trip to Chicago for the state conference at the Hotel Sherman, Gitchoff said.

Cash awards also are presented at the local level, with scholarships and other monetary prizes awarded to state winners.

Terry Tolson of Granite City won a first place award at the 1971 state contest.

Attorney Beaten in Office, Hospitalized

A Granite City attorney, Terryl Francis, 2749 Madison Ave., was hospitalized after a man entered his office at 3:35 p.m. Thursday and beat him.

Francis' secretary said the man was upset over a legal paper which had been served upon him and used abusive language toward her and Francis. The attorney reportedly told his secretary to call police.

When she picked up the telephone, the man told her to put the phone down or he would tear it from the wall.

She said she ran out of the office and called police from an office next door. When she returned, she found the attorney lying on the floor with a bleeding nose and an injury to his right eye.

He said the man had beat him, knocked him down and kicked his stomach. Francis was taken to St. Elizabeth Hospital, where he was admitted with a laceration to his nose and hematoma to the right side of his forehead. X-rays of the spine and facial bones were taken.

More Funds to Schools Due to Scott's Lawsuit

Illinois Attorney General William J. Scott announced distribution Friday of more than \$455,000 to 777 Illinois public school districts as part of their share of more than \$1 million won by Scott in an antitrust suit against publishers and distributors of library editions of children's books.

Scott's suit alleged that the prices of the books were fixed "at high, artificial and non-competitive levels" causing schools and libraries throughout the state to pay higher prices than they would have ordinarily paid in a freely competitive market.

Scott already has turned over to the schools \$450,000 recovered earlier from the publishers. A third and final payment to the school districts estimated at another \$250,000 will be made in January 1973, Scott said.

Last week's largest payment went to Chicago Public Schools. Scott personally turned over a check for \$152,213 to Supt. James Redmond. Chicago's share of the total refund will be over \$335,000.

The "class action" suit was specifically designed to allow all Illinois districts which had purchased books from the publishers to join in the attorney general's lawsuit at no cost to the schools.

Payments to the districts are proportioned according to student enrollment during the school year of 1966-67.

Scott commented, "At a time when the need for school funds is so great, these recoveries are all the more meaningful."

"I think our lawsuit also carries a very loud message for those who attempt to manipulate prices in Illinois. Anti-trust suits such as this are a powerful deterrent against future abuses."

The settlement award is the result of a treble damage antitrust suit against the publishers and distributors which was instituted in Chicago in the U.S. District Court for the Northern District of Illinois, Eastern Division.

Defendants covered by the agreed court settlement are: Bobbs Merrill, Children's Press, Thomas Y. Crowell, E. P. Dutton, Grosset & Dunlap, Harper & Row, Holt Rinehart & Winston, Little Brown, William Morrow, Random House, Charles Scribner's Sons, Henry Z. Walck, Follett Library Book, Charles M. Gardner and A. C. McClurg.

Under Scott's suit, the publishers were charged with a conspiracy involving a pricing system that prohibited discounts to school and libraries, allegedly by increasing the cost by as much as a dollar a book.

FIRST PLACE WINNERS from this area at a baton twirling contest in Edwardsville were George Tanklesky, standing at left, who took first in beginner military march, and Pam Engle, center standing, first in beginner solo twirl. Ray A. Yount is at right. In the front row, from left, Crystal Taylor, Lisa Williams, Cindy Rigsby, Collette Tankesley and Sally Hand. The group took a total of 14 trophies.

TRUCK ON SIDEWALK

A westbound Milan Corp. East garbage truck drove over the curb and lawn of the home of Ted Jones, 2800 Roosevelt Ave., Thursday, damaging the lawn and a section of sidewalk, Jones reported. The truck then turned right and drove away in the alley, he said.

Tamburitzza Group in Park Concert Tuesday

The adult and junior choruses of the Granite City Park District's summer music program, together with guests artists — the Tamburitzza Sweethearts and Kevin Nicol, trumpet soloist, will be featured in Tuesday's "Music Under the Stars" concert at Wilson Park rink pavilion.

Lawrence Berry, program director, said the public is invited to attend the concert, admission free. The performance will begin at 8 p.m. Tuesday.

The Tamburitzza Sweethearts from the Nativity of the Virgin Mary Eastern Orthodox Church in Madison will appear under the direction of Miss Mary Ann Sparic, a music major at Southern Illinois University at Edwardsville. Members of the group are junior high school age young people from the Quad-City area.

Nicol, a Granite City resident and a junior year student at SIUE, will play Theme from "The Godfather," "Hello Dolly" and "Java."

Four selections are scheduled by the Junior Chorus, consisting of children in the fifth through ninth grades. Berry said. Their part in the program will include "Born Free," "Close to You," "Edelweiss" and "Consider Yourself," the latter song from "Oliver." The Adult Chorus will present such favorite numbers as "Shadow of Your Smile," "Ver-

dant Meadows" by Handel; "Impossible Dream" and "I Will Wait for You" from "Umbrellas of Cherbourg."

The final "Music Under the Stars" concert of the 1972 summer season will be presented Tuesday, Aug. 8, the director reported.

Benefit Concert Example of SIUE 'Direct Action'

A group of students, faculty and staff at Southern Illinois University at Edwardsville is sponsoring an outdoor concert Friday to raise money for a community center at Royal Lake.

The concert will feature The Old Guys, a Dixieland jazz band of SIUE faculty members Warren Brown, James Austin, Dan Haveland, Lyman Holder, Jim Hansen, Ray Helsel and W. Deane Wiley.

The benefit, to begin at 7 p.m. Friday, will be near Royal Lake, on Illinois Route 16 five miles north of Bunker Hill in Macoupin County.

Tickets are \$2 per person and are tax deductible. They can be obtained at the SIUE Special Education Center, the SIUE Community Involvement Project and the University Center ticket office.

Special education department faculty and students at SIUE have been working with residents of the Royal Lake area for several years through the Student Council for Exceptional Children.

Thomas Shea, associate professor of special education, said the 300 families in the unincorporated area "have a lot of obvious needs. There are many children but there is nothing for them."

No Tax Base, Water, Streets. The community has no tax base, no water connections, no paved streets. Unemployment is very high. Most residents who work are employed as domestics and service personnel and a few work in the mines.

Pat Long, a preschool teacher at the SIUE Special Education Center, first learned of the problems in Royal Lake when she was teaching school in Macoupin County and had children of Royal Lake families in her classes.

"The people there are the nicest people you could meet," she said. "They're willing to work hard to help themselves. They built a church on their own and now their primary objective is to complete the community center. Residents have provided the labor and funds to construct exterior walls, but money has run out."

Chicken, fish, hamburgers, hot dogs and beverages will be sold at the concert. Shea said individuals and groups at SIUE and in the community have donated materials, manpower and money. He added that the benefit may become an annual event.

"The people of Royal Lake aren't just trying to build a building," he said. "They are interested in starting a regular recreation program and doing other things using the community center."

Cooperative Ventures. Some money already has been raised for Royal Lake residents through a bake sale at SIUE and weekly donations by members of the informal group. The group meets twice a month with residents at Royal Lake to discuss progress of cooperative projects.

"As a group, we are pledged to change and improve the condition of living in America is through direct, tangible assistance, both financial contributions and physical labor. This is to be accomplished in cooperation with those in need."

"We believe the only way to change and improve the condition of living in America is through direct, tangible assistance, both financial contributions and physical labor. This is to be accomplished in cooperation with those in need."

Bicycle Club To Meet Wednesday at YMCA

A business meeting of the Great River Riders (bicycle club) will be held at 7 p.m. Wednesday at the Tri-City Area YMCA, it was announced today.

A trip to Wanda, Ill. is scheduled for Saturday with Jack Reed as leader. Those who plan to attend are to meet at the Nameoki Village Shopping Center at 8 a.m.

Teach 'em to make the first move
Enlightened self-interest savings

You know, one of the amazing things about children is they start early by wanting to save money—and by liking to save money. Then somewhere along the way they start to enjoy spending money. It begins with your money and extends to their three banks full.

So teach 'em! Get one of our coin-savers and show them the way to save some and use some. There's good old-fashioned learning that comes from having a savings book—teaching them that saving money generates even more money.

Here at your Move Ahead Bank we encourage and welcome small savings accounts from the younger set. They grow up to be big depositors and good ones... because along the way someone taught them to make the first move to wise saving.

Start them moving ahead young—here at your Move Ahead Bank we think that's what banking and a happy future is all about.

OVERSEAS DELIVERY AVAILABLE

Little things mean a lot.

Surprisingly enough, our little features don't add up to lots of dollars. At \$1,999.00* a new Volkswagen is easy to buy and even easier to own. Our warranty is longer than anybody's except Rolls-Royce, and for efficient service nothing will beat our built-in computer service system starting later this year.

Of course, someday you may decide to sell your Beetle.

Don't be alarmed. After 3 or 4 years used Volkswagen Beetles have had a higher resale value than other economy cars.

Selling it is the final joy of buying it.

If an owner maintains and services his vehicle in accordance with the Volkswagen maintenance schedule, any factory part found to be defective in material or workmanship within 24 months or 24,000 miles, whichever comes first (except normal wear and tear and tires) will be repaired or replaced by any U.S. or Canadian Volkswagen Dealer. And this will be done free of charge. See your dealer for details.

Camfield Halts Long Winning Streak of Spalding at Races

Press-Record Sports

Page 6 Mon, July 24, 1972

Jerry Camfield of Argenta, Ill., halted the four consecutive dual feature race winning streak of Wil Spalding of Pontoon Beach at the Tri-City Speedway Friday night, winning the super-sprint car feature event by more than one-quarter of a lap.

Camfield, driving the number 87 sprinter formerly driven here by Bubby Jones of Danville, jumped into an early lead in the sprint car feature event and continued to increase the lead the entire 20 laps.

Jones has earned many honors at the speedway in the number 87, both last year and early this season, including the track record for the fastest qualifying lap, 23.30 seconds. He now

model stock cars, winning his 10th of 12 feature races this season.

His closest competitor, Bill Myers of Rosewood Heights, led for the first eight laps but Spalding managed to pass on the ninth lap to take the lead.

While lapping slower cars, Spalding went to the outside of Sonny Friz of Spanish Lake Mo. while Myers chose the inside. When they cleared the slower car, Spalding had moved into the lead with Myers second. Two laps later, Myers pulled into the pits with the head gasket of his cars' engine broken.

Corbin Out

One lap before Myers gave up, the third place car of C. C. Corbin of East Alton pulled out of the event because of engine overheating.

At the finish, Spalding won easily, followed by Ken Lowe of St. Louis, Louis Janssen of Bethalto and Pat King of St. Louis.

Myers was the fastest late model car qualifier of the night, turning the half-mile in 26.90 seconds. Bobby Miner of St. Louis was second with Spalding and King third and fourth.

Miner Wins Heat

Miner won the first heat after Lowe, who led the first three laps yielded to the winner. An unusual happening occurred as Spalding's late model tangled with Miner's car. Spalding, who had been fourth, spun in the second turn while attempting to avoid striking Miner's car, which was out of control for a moment.

Behind Myers at the finish were Lowe, Spalding and Corbin. The third place car of C. C. Corbin of Hillsboro won the third late model heat, trailed by Joe Lewis of Jacksonville and Ed Lewis of St. Louis.

Bob Miller of St. Louis, a newcomer to the track, won the third heat, followed by Janssen and Howard Ryder of Bethalto.

Racing at the Tri-City Speedway will continue Friday with time trials at 7:30 p.m. and racing at 8:30 p.m.

Takes Early Lead

Camfield took an early lead in the feature as Spalding, Dean Shirley carried on the wheel to wheel for second place. At the finish line, Spalding was second, trailed by Moughn, Runion and Runion.

Post 113 Nine Ends Season in 5th Place

American Legion Post 113 ended its 1972 baseball season in fifth place and was knocked out of tournament play Thursday.

The Granite Cityans lost on the road to Collinsville, 10-1. Belleville and Highland, tied for third and fourth place slots in the regular season with 11-7 records, were full of surprises in District 22 playoffs held over the weekend.

Belleville Victorious

The two teams made it to the tournament championship game Sunday at Troy, with Belleville coming out on top 11-5.

Belleville will now play in a divisional tournament at Carbondale beginning July 27.

O'Fallon topped Edwardsville 5-2 and Highland beat East St. Louis in other Thursday games. Belleville trimmed O'Fallon 7-6 and Edwardsville defeated Highland 8-5 Friday. On Saturday, Belleville eliminated Edwardsville 10-3.

Triple by Sturdiant

In Thursday's game at Collinsville, the only Post 113 run came in the top of the second when Randy Sturdiant tripled and was driven home on a single by Frank Storch.

Committee Outlines Attitude on Museum

The Education - Recreation Committee of the Madison County Board on Friday stressed that it does not wish to be dictatorial to the Madison County Historical Society in deciding on policies regarding the Williamsport, Pa., "World Series" by defeating Centralia 8-5 Friday night in tournament play at Olney, Ill.

On Thursday tournament action will be Palestine vs. Marion at 5:30 p.m. and Nameki-Pontoon vs. West Frankfort at 8 p.m. Winners of these two games meet for the championship on Friday with the winner advancing to the Sectional Tournament at Springfield, Ill., starting July 31.

In Friday's action Mark Vardy was the starting pitcher but ran into trouble in the third inning and was relieved by Jim Cedor. Cedor was greeted by a hit and line drive double which gave Centralia a 1-0 lead, but pitched hitless ball the rest of the game, striking out nine Centralia batters.

Nameki-Pontoon scored three runs to narrow the gap to 5-4 and picked up four more runs in the sixth. Mike Cepel and hit a key double to tie the game and Rusty Gregory singled in the go-ahead run.

Cycle Race Tuesday

Weekly motorcycle races at the Tri-City Speedway will continue tomorrow night after rain forced cancellation of last week's event. Time trials will begin at 7 p.m. Tuesday, with the first heat races at 8 p.m.

St. Mary's and Mercer Both Win, Still Tied In Inter-City League

The two local teams in the Inter-City baseball league returned home Sunday with wins under their belts, still tied for second place in the Blue Division with 5-7 records. Mercer sneaked by Highland 8-7 and St. Mary's Boosters blasted Glen Carbon 8-5 with four home runs.

Highland held the lead 5-4 against Mercer going into the top of the fifth inning when Jack Scarborough walked, stole second and was driven home on a single by Bill Campbell.

Vic Renack, the winning pitcher, led off the top of the sixth with a single. Ed Hagauer singled and Scarborough walked to lead the bases.

The Highland first baseman made an error as Larry Corey hit a grounder between his legs, scoring Renack. Campbell then got a free ticket to first, forcing in Hagauer. The eighth run was scored as Scarborough came home on a sacrifice fly hit by Bob Scott.

Mercer to Play on Saturday

Mercer will play on Saturday, playing Piasa beginning at 2 p.m.

In the top of the first inning, at Glen Carbon, John Pankas bled a three-run fourbagger, sending home Jay Greer and Larry Gerharts, both of whom had single.

Glen Carbon came back strong, scoring two runs in

Red Cross Seeks \$3,900 To Aid Disaster Relief

The American Red Cross has expended in excess of \$13,888,000 for food, shelter and medical supplies, so far, to aid victims of Hurricane Agnes in the eastern states and families in the flooded area of Rapid City, S. D.

To help meet a share of the initial cost and to aid with continuing rehabilitation work in both devastated areas, the Tri-City Red Cross is making a public appeal for funds to Quad-City residents.

Mrs. Ruby Overbeck, local Red Cross executive, said a total of \$3,900 is being sought to help with the expense of relief work.

More than 30,000 families were affected in the disaster areas. Most lost their homes and businesses and a required shelter, food and medical aid. Salvage operations and rehabilitation in the disaster zones still are going on, Mrs. Overbeck said.

Checks should be made payable to the American Red Cross and mailed to: Tri-City Chapter, American National Red Cross, 1411 Twenty-first St., Granite City, Ill. 62040. All contributions received in the current campaign will be designated for flood relief work. Mrs. Overbeck stressed.

Investigations Into 3 Murders Continue

Investigations are continuing into the murders of three men whose bodies were found in the Quad-City area in a 30-day span.

The most recent murder, that of Jesse Leonard, 47, of East St. Louis, is being investigated by the Madison County Sheriff's Department. A spokesman there said today that no significant new clues have been found.

Mr. Leonard was found July 19 in the water at the south end of Horseshoe Lake. He had been bound and gagged.

Venice police investigating the murder of a Negro man whose body was found July 13 on a construction training site on Kerr Island. The victim still has not been identified.

World Series Ahead For Nameoki Squad?

The Nameoki-Pontoon Senior Division All-Stars became the Area Tournament champions by defeating Lawrenceville 2-0 Friday night at Pontoon.

Nameoki-Pontoon will now travel to Tuscola, Ill., for the District Tournament to be held this Thursday and Friday, July 27-28. Nameoki-Pontoon will play Tuscola Thursday night at 7 p.m., with the championship game to be played Friday at 7:30.

The winner will advance to the Illinois Little League Championship Tournament to be held starting July 31 at Tuscola.

In Friday's action, Nameoki-Pontoon, Mike Godair pitched a six-hit shutout, with Nameoki-Pontoon scoring both runs in the third inning on three consecutive hits—Godair with a single, Ed Hesseldehn with a double and Danny Van Scoyk with a single that drove in both runners.

Earlier action saw Nameoki-Pontoon defeat Benton 1-0 Thursday, with Ray Smith striking out nine. Nameoki-Pontoon's only run came in the sixth when Jim Kafka reached base on an error, Ronnie Williams hit into a fielder's choice and Duane Justice singled with a line drive to centerfield.

Lyons Would Link Attorney General, Ombudsman Duties

State Senator Thomas G. Lyons (D, Chicago), Democratic nominee for Illinois attorney general, on Thursday pledged a statewide ombudsman program to provide citizens assistance in complaints against public officials and government agencies.

Details of the program were disclosed in an aerial campaign swing criss-crossing Illinois in visits to Rockford, St. Louis, Springfield, Decatur and Champaign.

Ombudsmen have been used successfully as impartial representatives of the public in complaints against the government in Sweden and New Zealand, Lyons said.

If he is elected in November, Lyons said, the ombudsman program will have a "top priority in my overall program to open up the Illinois attorney general's office and to foster maximum involvement of the people in its affairs."

"The purpose of the new program will be to make available to all citizens an office to re-

ceive, investigate and, when indicated, take appropriate action on complaints against governmental abuses or capricious acts of public officials," he said.

"Many people have, at one time or another, been brusquely treated or, in plain English, pushed around by people in public offices."

"The function of the ombudsman is to rectify such situations when they result," Lyons said.

"This program, with its implications for all Illinois citizens, will be established at no additional costs to taxpayers. It will be financed through more efficient operation of existing divisions within the attorney general's office, such as the anti-trust division, environmental protection division, charitable trusts and solicitations division," Lyons said.

"The ombudsman program might better be labeled the 'People's Protection Unit' and I hope we can recruit someone of the caliber of Lt. Gov. Paul Simon to head it."

"From time to time other public officials have sought to function as an ombudsman in this state. But the attorney general, with the vast common law powers of the office, is especially suited to play this role since he is, at law, the people's attorney."

"For too long there has been a widening gap between the public and officials."

"My opponent has contributed to this with outlandish claims about his imaginary accomplishments in such areas as environmental protection and organized crime."

Lyons said the ombudsman program would be so implemented as to render it within easy reach of all the citizens.

the common law power to establish this program, but if more is needed I would be prepared to go before the necessary legislative bodies."

A former Chicago policeman, he was an assistant attorney general from 1961 to 1964, when he was elected to the State Senate. He was vice-president of the Illinois Constitutional Convention.

"The ombudsman program will have at its command sufficient resources in the attorney general's office to make it a meaningful agency for the protection of the people. No citizen's complaint will be ignored or pigeonholed in the future," he concluded.

Lyons is married and has four children. He resides on Chicago's northwest side, where he is active in community affairs and represents his area as state senator for the 15th District.

Suspect Arson in Fire That Damaged Garage

Arson is believed to have been the cause of a fire which caused \$500 damage to the garage at the home of George McIlroy, 2669 Center St., Friday morning.

Firemen answered the call at 1:10 a.m. Friday and reported that the blaze already had destroyed much of the garage when they arrived. An open can of gasoline found inside, under the work bench, is believed to have been used to start the fire. Firefighters said the gasoline apparently caused the fire to spread so quickly.

A tool box, which firemen believe had been stolen from the garage, was found in the yard. The fire required 50 minutes to control.

10TH STREET COLLISION

The car of Jerry A. Duncan, 2246 Franklin Ave., and the auto of Barbara J. Henderson, 2550 Ivy Lane, collided in the 1300 block of 19th Street at 2:20 p.m. Thursday, the drivers reported.

Governor Signs Law to Control Racing Activity

Copley News Service

Springfield—Gov. Richard B. Ogilvie has signed into law legislation which he says will be of great help in regulating and controlling racetrack activities in Illinois.

One of the major features of the legislation is that any person who would gain from a specific racing date must be disclosed by the Illinois Racing Board. This would also apply to those persons who hold a 5% interest or more in business connected with the racing industry. This information cannot be concealed through attorneys or various trusts.

This section of the new law is aimed at recent disclosures concerning stock holdings in the racetracks by various political figures in the state.

Another section of the legislation deals with political contributions.

Under this section any firm or

person which has interest in the racetrack business that is covered in the above section may not contribute to any campaign of a person in public office or a candidate for the public office. Officials are hopeful that this will stop some of the anonymously donated money for campaigns.

When there is a change of track ownership which amounts to about 25% or more, or when it involves the controlling interest of a track it must receive the Racing Board's approval. This will allow the Racing Board to know where the majority of the stock is in a race-track.

Stiff Penalties
Stiff penalties also accompany the legislation. It calls for a fine of not less than \$10,000 nor more than \$20,000. The legislation does away with the racetrack police. This will now be handled by the

FIRE DAMAGES VEHICLE

Fire, caused by a carburetor backfire, caused minor damage to the engine of the station wagon of Robert Dyckman, 2 Nightingale Court, at 9:35 p.m. Thursday, while the car was parked at 2100 Manley Ave. Granite City firemen put out the fire.

Law Enforcement Department.
Sponsors of the legislation said this was done because the former Bureau of Race Track Police actually had no legal power to make arrests.

Racing Board officials feel this will give them added support in not only policing the races but also the operation of the individual tracks such as the stable areas.

Million Dollar Music Tickets Moving Fast

Ticket sales for the Aug. 14 "Million Dollar Music" contest are moving fast and President Avery Schermer of the sponsoring Tri-City Shrine Club said that the area residents are showing great interest in the charity event.

With the proceeds going to the St. Elizabeth's Hospital Orthopedic Ward, the Boy Scout Council and the Shrine Philanthropy, it will be the first time for the club to sponsor such a charity on a large scale.

Six drum and bugle corps that will take part are tops in their field, Schermer said. Their list of winners over the years in many parts of the nation add much glamor to their background.

The corps are the Van Guards of Des Plaines, Ill.; St. Paul's Explorer Scouts of St. Paul, Minn.; Black Knights of Belleville; Garfield Cadets of Garfield, N. J.; Blue Raiders of Materie, La.; and the Shrine Philanthropy's Imperials of Milwaukee, Wis.

Members of the Central States Judges' Association will work the show and will fly here for the contest. These men are tops in to watch work while the judging and are most interested in to watch work while the show is in progress, Schermer noted.

Industry and business have been buying tickets in blocks for their employees and customers. All tickets are \$2 and should be purchased early from Shrine members or Boy Scouts.

Voter Registration Cards to Be Issued

Registered voters of the Quad-City area and Madison County whose voters registration (pink) cards expire on July 31 automatically will be issued new cards in early August, County Clerk Eulalia Holt announced today.

Voters holding such cards need not apply in person or writing for new identification cards, Miss Holt said.

Those who have changed addresses or have changed their name by marriage or court action, should write the change on the back of their cards and mail them to the county clerk's office. It was pointed out in this way the records may be corrected before the Nov. 7 election, Miss Holt explained.

Anyone who has lost his registration card may obtain a new one by writing the county clerk's office at the courthouse in Edwardsville, the county clerk said. If the card was lost prior to a change in name or address, the applicant should list both the former address and new address, and the former name and new name.

'Almost' Everything to Be Free at State Fair

Copley News Service

Springfield — "Free" is the operative word for the Illinois State Fair this year. True, the gate admission has gone up slightly from last year on the annual exposition, but once inside the grounds, all the big grandstand attractions (except the auto races), and a bunch of new attractions will all be available without charge.

New features include such diversified items as ostriches you can race, llamas you can pet, and French fries you can slide down. The 1972 version of the standard attractions include quarter horse races, harness races, "Blood, Sweat and Tears," "The 5th Dimension," Grand Ole Opry, Roy Rogers and Cher, Glenn Campbell, Lynn Anderson, Conway Twitty, Faron Young, and other country western stars. And it's all free.

Fair dates this year will be Aug. 11-20. Gates fees for 1972's "Come Smile With Us" exposition will be \$1.50 for adults and 50 cents for children 12 and under. However on opening day, and on the second Friday of the fair, Aug. 18, youngsters 12 and under will be admitted free until noon.

"Change" is an important word at the 1972 Fair as well. Happy Hollow is still both happy and recessed, but it isn't the carnival midway anymore. That's been moved out into the breezy open spaces east of the race track.

Happy Hollow, in turn, has been taken over by Children's World, which will offer a petting zoo an Exotic Petting zoo made up of animals not native to North America, puppet shows, a mini-circus, and a unique playground designed by the McDonald company being assembled for the first time anywhere, to be shown at the Illinois fair.

The area will be Astro-turfed and will feature amusement de-

vices based on McDonalds products — a hamburger tree house, and a slide shaped like a French fry, for instance. And it's all free.

A children's parade will start at 10 a.m. on opening day, going from Lincoln Park to the main gate, with floats, bands and more than 90 character heads of such favorite characters as Winnie the Pooh and Chicken Little.

Even Abraham Lincoln will be at the Fair this year. The famed "Mr. Lincoln Speaks" exhibit with a six-foot, four-inch animated Lincoln will put on 15-minute shows every half hour from 10 a.m. to the last show at 8:30 p.m. in the Farm Museum theater, which has a capacity of 1,000. Naturally, it's all free.

To let everybody see the free big name grandstand attractions two performances will be held each evening — one at 6 p.m. and another at 9 p.m. Since the grandstand has a seating capacity of 15,000, that means 30,000 can see each event, and there will be standing room for still more.

Veterans' Day has been moved from the first to the second Sunday of the Fair, and as usual veterans presenting proper identification will be admitted with their families, free.

There'll be a lot more. There are teen dances and/or concerts starting in the fountain area at sundown each day plus afternoons on weekends — free.

As benefits what is probably the world's largest agriculture and livestock exposition, there will be more than 14,000 cattle, swine, sheep and dairy goats, plus 4,000 horses on the grounds during the event. In addition to harness horses, there will be judging of horse show events in the coliseum, and for the first time this year, they're free.

Another special feature this year — at least 5,000 mentally and physically handicapped persons will be special guests of the fair on Aug. 14 and 15.

August Draft Call For 65 Inductions

An August draft call for 65 young men from Madison County for induction and 121 for examinations has been announced by the Selective Service.

Induction calls next month include 17 from the Quad-Cities, 21 from Alton and 27 from Edwardsville.

Called for examinations next month will be 25 Quad-Cities, 44 young men from Alton and 56 from Edwardsville.

Lottery numbers to be utilized in August are not higher than 75 for induction and 100 for examination.

Over
Last year alone, over 50,000 licensed drivers failed the state written examination. This year the number of drivers that will fail could jump to a hundred thousand or more. Experts say — "One reason is, that rules and regulations change, and even some good safe drivers just don't keep up with the new laws." If your license expires this year, you may be among the hundreds of thousands that will be re-examined in 1972. So if you're nervous about taking the state written exam, here's

Youth Council Plans Officers Installation

Newly elected officers of the Youth Council of the Easter Seal Society of Southwestern Illinois will be installed during a meeting to be held in September on a date yet to be announced.

New officers are: Mark Peipenbrink of Alton, president; Pat Perdue of Granite City, vice-president; Jeannie Brunworth of Godfrey, secretary; Cindy Erlinger of Carlyle, treasurer; and Margaret Clark of Granite City, publicity chairman.

The group also plans to discuss the Easter Seal Society state meeting Oct. 20 and 21 in Decatur. A special youth meeting will be included in the Oct. 21 activities.

The youth council of Southwestern Illinois is composed of youths from Madison and six surrounding counties. Those wishing to join the group may contact Margaret Clark at 876-4245.

50,000 Drivers Fail

Last year alone, over 50,000 licensed drivers failed the state written examination. This year the number of drivers that will fail could jump to a hundred thousand or more. Experts say — "One reason is, that rules and regulations change, and even some good safe drivers just don't keep up with the new laws." If your license expires this year, you may be among the hundreds of thousands that will be re-examined in 1972. So if you're nervous about taking the state written exam, here's

good news. You can now purchase your own "self-scoring" test papers, complete with questions, answers and a o a d signs you should know for that important examination. d a y, this method has helped thousands pass the state exam. FIRST BIRTHDAY OF
SUSAN ELAINE LINGLE

Susan Elaine Lingle, a daughter of Mr. and Mrs. Paul Lingle, Rural Route 2, celebrated her first birthday at a party given by her parents in their home last week.

The decorations were in pink and white and the young honoree received many gifts. A dessert luncheon was served to the honoree, her brothers, John and David, maternal grandparents, Mr. and Mrs. William Price of Venice, paternal grandparents, Mr. and Mrs. Daniel Jordan, an aunt, Miss Mary Ella Price and cousins, Tim, Laura and Steven Howard, Lorraine Roach and Walter Smith.

TWO JOIN OCTAVIA

The Octavia Birthday Club met in the home of Mrs. Mary Frintzko, 2622 State St., last week, and two new members, Mrs. Joan Yetter and Mrs. Pat Eaton, were welcomed. The birthday of Mrs. Doris Stotz was celebrated and she was presented with a gift from the club.

The table was centered with a large cake. Mrs. Ginny Mariette, secretary-treasurer, explained rules and a monthly fee voted on at a previous meeting. A noon luncheon was served to those named and Mesdames Vivian Davis, Lorraine Gilmore, Jo Ann Jarrett and Shirley Murphy and the hostess' children, Magdalene and Michael. Next meeting will be Aug. 7 at the home of Mrs. Mariette, 2300 Clinton Drive, honoring Mrs. Jarrett.

Aaron Copland, Mitch Guest Conductors at Mississippi River Fest During Weekend

Aaron Copland, regarded by many as America's foremost living composer, and Mitch Miller, known nationwide for his famous "Sing Along with Mitch" albums and long-running television show, will guest conduct the St. Louis Symphony Orchestra at the Mississippi River Festival at Southern Illinois University at Edwardsville this weekend.

Two young soloists will be featured at the concert, with Spanish pianist Rafael Orozco performing with Copland on Saturday, July 29, at 8:30 p.m. and Romanian violinist Silvia Marcovici appearing with Miller on Sunday, July 30, at 7:30 p.m.

Highlighting Copland's Saturday night program will be a performance of two of his own compositions, "Our Town" and Suite from "Billy the Kid."

Rafael Orozco, winner of Britain's Leeds International Piano Competition in 1966 at the age of 20, will be soloist in Rachmaninoff's First Piano Concerto.

Walter's Overture "Portsmouth Point" and Shostakovich's Symphony No. 9 will complete the program.

The dean of America's living composers, Aaron Copland has written music which has influenced many U. S. composers of the 1930s, 1940s and 1950s.

His compositions were first heard in the U. S. at a League of Composers concert in November 1942 in New York City. In 1939, Copland won an award from RCA Victor for his Dance Symphony.

His Third Symphony won the New York Music Critics Circle Award in 1946.

He has lectured extensively throughout the country on contemporary music, and has served eight years as president of the American Composers Alliance.

He is the author of four books on music, and has received many honors. In September 1964, he received the Presidential Medal of Freedom, "highest civil honor conferred by the President of the United States for service in peacetime."

In recent years, the composer has been increasingly active as a conductor, leading more than

30 major symphonic organizations throughout the world.

For his Sunday night concert, Mitch Miller has chosen a program including selections of light classical music, standard orchestral repertoire and Broadway show music plus one of his famous "Sing Along with Mitch" segments.

Soloist Silvia Marcovici, who made her American debut this season, will be featured in Mendelssohn's Concerto in E minor for Violin and Orchestra.

The St. Louis Symphony Orchestra will perform Capriccio Espagnol by Rimsky-Korsakov, Bacchanale from "Samson and Delilah" by Saint-Saens and "Sound of Music" by Rodgers.

To conclude the concert, Miller will lead a "sing along" including such favorites as "I'm Looking Over a Four Leaf Clover," "Shine on Harvest Moon" and "Goodnight, Sweetheart."

Born in Bacau, Roumania, in 1932, Silvia Marcovici began to study violin as a very small child. When she was 10, she received her first prize at the Festival of the Republic in Roumania.

To enter into competitions is a challenge for Miss Marcovici. She thrives under difficult and tense situations.

As a result of receiving the "Prix Special" of the Prince of Monaco, she became internationally known, playing concerts in Holland and Germany. She was awarded first prize at the Enesco Competition in Bucharest in 1970. The 1971-72 season has marked her debut in North America.

The six-week 1972 season is sponsored by Mississippi River Festival, Inc., a not-for-profit Illinois corporation with directors from Missouri and Illinois.

Tickets for Mississippi River Festival concerts range from \$2.50 to \$5.50 for reserved seating under the tent and lawn seating is \$2. Ticket information is available by telephoning Powell Symphony Hall at 314-333-2500 or the SIUE ticket office at 602-2320.

It receives financial support from the Missouri State Council on the Arts and the Illinois Arts Council.

COMPOSER AARON COPLAND who will be guest conductor of the St. Louis Symphony Orchestra at the Mississippi River Festival at SIUE at 8:30 p.m. Saturday.

Air Pollution Alert Revisions Suggested

Suggested changes in a proposed law establishing air pollution alerts, watches and emergencies were outlined by representatives of the Shell Oil Co. and the City Water, Light & Power Co. of Springfield during an Illinois Pollution Control Board hearing at City Hall in Granite City Friday morning.

R. H. Dreith, manager of environmental control for Shell, and James Hennrich of the Utility company testified before Samuel Lawton Jr., a member

of the ICPB, at the hearing. The Illinois Environmental Protection Agency, the legal arm of the ICPB, was represented by Jack Coblenz, manager of the Episode Section, Division of Air Pollution Control.

Others present for the EPA were Jeffrey W. Kane, technical advisor for the enforcement services section of the division of air pollution control, Berkeley Moore, environmental protection engineer of the EPA, and Miss Percy Angelo, an EPA attorney.

No Strings Attached Walker said, "The cost of my statewide campaign will not be paid by any political machine, and I have refused to accept any contributions that have strings attached."

"Small contributions from a large group of individuals is the answer to the special interests who control politicians with large contributions."

"Most of the people who voted for me do not buy those \$100-a-plate dinner tickets. They can give two dollars along with two dollars from their neighbors."

"Two Dollars For Dan" is especially needed because my opponent already has raised campaign funds of about two million dollars, according to newspaper reports.

Walker today is visiting northside Chicago, Rockford, Rock Island, southside Chicago and northern Chicago suburbs. His Tuesday schedule consists of Peoria, Urbana, East St. Louis, Springfield and Mount Vernon.

'\$2 for Dan' Walker Drive Being Stressed

Dan Walker, Democratic nominee for governor, today and tomorrow will conduct a statewide campaign fund drive limited to \$2 contributions.

He is flying to nine cities to launch expanding "people pyramids" of \$2 contributors. At 1:15 p.m. Tuesday he will be at the Charles Kolker Hotel, 704 N. 76th St., East St. Louis.

Walker hopes the small groups that begin the project will grow to involve more than 50,000 people—more than have ever contributed to a candidate for public office in Illinois history. "Many undoubtedly will go on to join Walker citizen committees and help get out the vote in the November election," he commented.

The 70-day campaign for grassroots contributions has been named "Two Dollars for Dan." It will proceed as people ask their friends to turn ask their friends to contribute, a spokesman explained.

Walker hopes the drive will increase from the first 10 living room meetings held today and Tuesday to a total of 10,000 coffees, teas, barbecues, lunches

and other low-key, home-based, fund-raising events.

Expand from a nucleus of 90 people in nine cities to include 50,000 people throughout the state; and

Grow from \$100 raised today and tomorrow to a total of \$100,000.

Post Corporation Net Revenue and Earnings Higher

Appleton, Wis.—Post Corporation on Thursday reported first-half earnings of \$70,000 or 70 cents per share, including realized capital gains, compared with \$53,000 or 74 cents per share for the comparable period in 1971. The firm acquired the Press-Record two years ago.

Net revenues for the first half were \$8,231,000 compared with \$6,441,000 in 1971. Outstanding shares have increased to 912,123 from 734,123.

The earnings figures are up 26% despite economic pressure in the broadcast division. David L. Nelson, executive vice-president, said, "Post is a diversified firm with interests in media and insurance."

Broadcast revenues, down 23% in the second quarter, were attributed to lagging national advertising and network revenues.

Newspapers continued to outpace last year, and Post recorded a full quarter of earnings from Transcript Newspapers, a group of eight weekly and semi-weekly serving Boston suburbs, which it did not own last year.

All-Star Insurance Corp., the firm's property and casualty underwriter headquartered in Milwaukee, reported earnings up 68% for the second quarter and a 4% gain for the year to date.

All-Star's figures reflect a higher volume than last year, as earned premiums were up 15% over the comparable period. Losses and loss expenses incurred compared to earned premiums are 60% for the first half of 1972 and 53% for 1971.

All-Star reported \$206,000 net income, not including realized capital gains for the first six months of 1972, compared with \$206,000 in 1971. Realized capital gains in the first half were \$31,000 or the equivalent of three cents per share.

First-half Post Corp. results reflect the reduction of income taxes by a \$45,000 investment credit and a \$45,000 deduction of the acquisition of \$44,000 of new machinery and equipment during the period.

Second-quarter earnings were \$444,000, compared with \$340,000 in the same quarter of 1971. Net revenues in the 1972 second quarter were \$4,320,000, compared with \$3,394,000.

Repair Costs at Harris, Blair Schools Studied

Estimates on required repair work to Blair and Harris schools in Madison were presented to the Madison School Board Thursday night.

The estimate for bringing Blair School into compliance with the health and safety code was \$60,476 and the Harris School estimate was \$8,545. The board took the figures under advisement.

For the purchase of coal and fuel oil were opened and contracts were awarded to Tri-City Coal & Ice Co. for coal at \$17.25 per ton, and Piasa Motor Fuel for fuel oil at 11.85 cents per gallon.

Other bidders on coal were Butch's Coal and Material at \$18.50 per ton, and Union Coal Feed Co. at \$17.50 per ton.

Other fuel oil bidders were Apex Oil Co., 12.9 cents per gallon; Atlantic-Richfield, 14.39 cents per gallon, and Standard Oil Co., 12.34 cents per gallon.

The board authorized seeking bids for that window air conditioning for the board office, 1707 Fourth St., Madison.

To Buy Van

The purchase of a van for special education transportation for \$3,500 was approved. The vehicle will be obtained from School Transportation Service Aug. 1.

The board agreed to change from measured rate to flat rate telephone service with Southwestern Bell Telephone Co. at Blair, Dunbar and Louis Baer schools which is expected to save about \$300 per year.

Board President Harold Fisk suggested that the superintendent's office investigate the cost of repairing or replacing the food freezer at Madison High School. The present unit is not working properly and a great deal of food has spoiled as a result, Fisk said.

A letter from Wilbur R. L. Trimpe, superintendent of educational service region, was read, in which he informed the board that his office cannot grant advance state aid payments to assist districts which may have financial difficulties.

Madison and a number of other districts predict shortages due to late tax collections.

Frederick Riddle, school superintendent, informed the board that he has met with representatives of Custodial Union 88 on a new contract. He presented a list of six proposals from the union on wages and benefits. The board agreed to continue negotiations at a convenient time.

Seek Reimbursement
The board gave Wade James, director of Special Education for the district, permission to seek reimbursement from the state for the high school summer school vocational courses which were held, and to submit an application for summer

school state aid claims. Permission also was given for James to submit the annual Title I evaluation form to the state, showing the progress of the program.

A payment of \$3,474 to the Venice School District for special education training was approved and James introduced a report showing that, to date, tuition paid to other school districts has totaled \$13,850 this year, while tuition received by Madison for special education tuition totaled \$8,714.

A bill to the Special Education District Region of \$5,500 was approved as the final balance of the 1971-72 services provided.

The revised Special Education District budget of \$125,100 was approved by the board. It also must be approved by the Granite City and Venice school boards in cooperation with Madison in the program.

Man, 36, Beaten by Youth Carrying Club

Joseph Beavin, 36, of 2303 E. 23rd St., was injured when a young man with a baseball bat hit him as he was walking at Nam'eoki Road and Edwards Street at 5:45 a.m. Saturday.

Beavin said he did not know why the youth would want to beat him. He related being struck on the face twice by the club.

Taken to St. Elizabeth Hospital, he was treated for wounds to the nose and left eyebrow. X-rays of the skull and facial bones were taken and he was released.

Infant Wallace Son Stillborn on Friday

Carroll Franklin Wallace, the son of Mr. and Mrs. Joe Wallace, 615 Filmore St., Venice, was stillborn at St. Elizabeth Hospital at 5:15 p.m. Friday.

Grandparents are Mr. and Mrs. Peter Billicek, Venice, and Mr. and Mrs. Alvin Taylor, Kokomo, Ill. The infant's great-grandparents are Mr. and Mrs. David Thomason, Patterson, Ill.

Private funeral services were held Saturday in Madison, with burial at St. John's Cemetery. Arrangements are given in the obituary column.

WEED FIRES

Granite City firemen put out three weed fires yesterday, the first at 12:45 p.m. at 23rd and Kate streets. The second fire was at 2 p.m. at St. Clair Avenue and Maryville Road and at 3 p.m. a weed fire on Victory Drive was extinguished.

'American Pie' Composer At the Festival This Week But 'Yes' Group Postponed

Folk-pop-rock events at the Mississippi River Festival at SIUE this week will feature popular singer Don McLean with the added attraction of vocalist Carol Hall on Tuesday at 8:30 p.m.

Song writer and performer Don McLean has been on the musical scene for many years but only recently did his top hit "American Pie" bring him to the forefront.

So meaningful and powerful are his songs lyrics that Robert Elstrom (who made the films "Johnny Cash: His Music and His World" and "Other Voices"), which was nominated for an Academy Award) has decided to make a feature film using 22 of McLean's songs as a script.

In addition to frequent television appearances and extensive college concerts, McLean has performed at the country's top clubs, such as the Bitter End and Gaslight in New York. McLean's festival appearances include the Newport Folk Festival and three performances at the Central Park Music Festival.

The singer appearing with McLean, Carl Hall, has two albums currently available: "Beads and Feathers" and "If I Be Your Lady."

The Mississippi River Festival concert by the British rock group "Yes" originally scheduled for this Wednesday, July 26, has been postponed until Monday night, Aug. 21, at 8:30.

There will be no concert on July 28, but tickets already purchased for that date will be honored on the new concert date of Aug. 21.

Lyle Ward, concert manager of the Mississippi River Festival, explained, "The postponement of the 'Yes' concert is due to a change in the personnel; the group's original drummer has left and has been replaced by Joe Cocker's drummer, Alan White."

"Rather than disappoint the concert audience by canceling, the 'Yes' has agreed to reschedule the performance on Aug. 21."

The originally scheduled concert date was to be the 'Yes' first performance on its American tour. The group is from Great Britain.

Grover Development Director of College

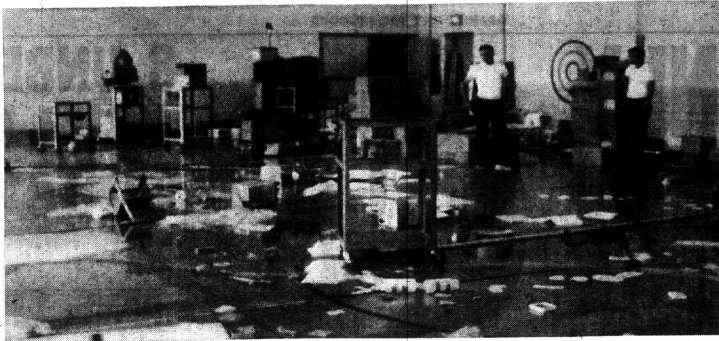

Fayette, Mo.—Central Methodist College President Dr. Harold P. Hamilton has announced the appointment of a new director of development at CMC. He is Kenneth L. Grover, a native Granite Cityan, formerly an associate director of development at Graceland College, Lamoni, Ia.

Grover will supervise the college's fund-raising activities and will work in close cooperation with CMC's admissions, public relations and alumni departments. During his three years as an associate director of development at Graceland, he worked in all aspects of fund raising, public relations and alumni affairs.

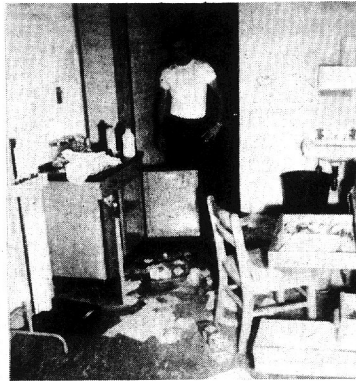

His business background includes eight years with the General Foods Corp. in sales and management positions. In 1968 he joined the Keebler Food Co., where he was employed as a zone sales manager for one year before going on the development staff at Graceland.

Grover attended Kansas University, Graceland College and South Dakota University, where he received the bachelor of science degree in business administration. He later attended the University of Denver, earning a master of business administration degree in finance. He served in the U. S. Navy from 1952 to 1956.

LITTER-STREWN GYMNASIUM at Frohardt School was the work of vandals who splattered the gym with paint, scattered paper and debris throughout and caused similar damage in the teachers' rooms, several offices, the nurses' room, kitchen and two class rooms. School Custodian Archie Milan, left, inspects the 'mess' before beginning cleanup operations. Custodian Jerry Padgett is at right.

WHAT CHILD DID THIS? The nurses room at Frohardt Grade School on Johnson Road was one of several rooms damaged by vandals. Archie Milan, school custodian, who discovered the vandalism, inspects the damage.

TEACHERS ROOM at Frohardt School, located next to the gym, was splattered with blue, red and yellow paint which was thrown on the floor and walls by vandals. The damage was reported to police Thursday.

State Prisoners to Receive College Vocational Course

Inmates at Menard State Prison will be enrolled as early as this fall in vocational courses for college credit through the Southern Illinois University at Carbondale.

The prison already has been named an SIU residence center, with academic courses through the third year available to prisoners, but no credit vocational courses have been offered.

Southern's post-secondary program would supplement the prison's own high school-level vocational training program, Raymond H. Dey, dean of the SIU Division of Continuing Education, said.

Groundwork for the program was laid in a meeting between Dey and VTI Assistant Dean Harry Soderstrom with representatives of the prison, the Department of Corrections and the Illinois Division of Vocational and Technical Education.

Related to Manpower Needs
Emphasis will be put on vo-

cations which have a high priority in manpower needs established by the Illinois State Employment Service. Soderstrom said. Individual courses will be offered this fall, with expansion of the program planned as equipment and faculty meeting university standards become available.

Inmates within two to four years of release will be encouraged to take advantage of the training so that their knowledge will be current when they enter the job market, Dey said. Aptitude testing and a vocational orientation will be used extensively.

Orientation and drafting will most likely be the first courses available this fall, he added.

SIU helped to revamp Menard vocational school in the 1950s, and VTI instructors have given training in offset printing and automotive skills on a non-credit basis in recent years. Southern offered the nation's first "inside the walls" college credit course at Menard in 1968.

21st Annual Novena Series Opens Saturday

The National Shrine of Our Lady of the Snows, Belleville, will hold its 21st annual outdoor Mass Novena at 8 o'clock nightly from July 29 through Aug. 6. A solemn but spectacular event, the Novena yearly attracts thousands of visitors throughout its nine days.

Focal point for the Mass Novena is the 6,200-seat main altar amphitheater. Set in a large natural bowl the main altar provides a unique setting for all the special services.

Of special interest are the novena's final two nights Saturday, Aug. 5, Christian Family Night and Sunday, Aug. 6, Solemn Closing. Most Rev. Albert R. Zurovete, bishop of Belleville, will be the main speaker both nights.

Christian Family Night services include the awarding of personalized engraved scrolls to couples celebrating their 30th, 40th and 50th wedding jubilees in 1972. Renewal of marriage vows for all married couples also takes place that night. Jubilee couples wishing to receive a scroll should contact the Shrine immediately.

Solemn closing ceremonies will begin with a candlelight procession to the Shrine's main altar followed by Mass, bringing an end to the Novena. The novena days of prayer. Bishop Zurovete will be principal celebrant.

A traditional event, the Novena was established in 1951 when the Our Lady of the Snows Shrine was located on the grounds of St. Henry's Seminary. Beginning in 1961, services were celebrated at the present Shrine site, located on U. S. 460 west of Belleville.

New Shelter Cost for Food Stamp Eligibility

The U.S. Department of Agriculture has announced a proposed amendment to Food Stamp Program regulations which would change the income calculations for determining eligibility for food stamps.

The new regulations for the Food Stamp Program are currently being implemented in the states. For the first time, they establish national standards for the treatment of income.

The department said some inequities are being caused by the manner in which the income calculations are made for households.

The current method of calculating income requires that shelter costs be deducted after mandatory deductions, such as taxes, and before exclusion of any other allowable expenses. Housing costs in excess of 30% of income may be deducted.

The proposed revision allows the shelter deduction to be made after all other deductions. This change in the order of making deductions would reduce the calculated net income for some households with high medical costs, child care fees and similar expenses.

The amount of money those households pay to receive their food coupons would be reduced. Interested parties are invited to make comments on the proposed amendment prior to mid-August. Comments should be mailed or delivered to James H. Kocher, Director, Food Stamp Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D. C. 20250, so as to be received by the close of business Aug. 18. Comments received will be open to public inspection.

State's Clamp on Highway Funds in Region Key to Lack of Minority Jobs -- Vadalabene

Senator Sam M. Vadalabene asserted last week that problems being aired in regard to negotiated construction bids for black contractors were raising racial issues. "This entire situation should be laid right in the lap of Governor Ogilvie," he said.

"It is a lot more of a 'red herring' than a black-white issue to say that attempts are being made to keep blacks out of construction jobs."

"The issue is jobs—make no mistake about that. And if the governor had given his support to the bill I introduced providing for the \$10.5 million that Highway District Eight had lost during the highway freeze, there would be plenty of work for everyone. Just as important, we would also be getting work done to improve the decrepit roads we have in the area."

"I realize that credit for restoring the funds in an election year would go to the administration but the important thing to me was to get the work going and to get the people of the area working."

"So, I let the bill go down rather than placing it for postponed consideration. I had every reason to assume that the governor's office was acting in good faith in committing itself to the restoration of the highway funds."

"When the bill came to the floor of the Senate, not a single Republican could be found who was willing to rectify the injustice done to our area," Vadalabene continued. "Later, I received a commitment in the governor's office that the funds would be restored administratively rather than through my legislation."

"I realize that credit for restoring the funds in an election year would go to the administration but the important thing to me was to get the work going and to get the people of the area working."

\$850 RING STOLEN

A diamond ring valued at \$850, a set of golf clubs and a spare tire and wheel were stolen from the 1970 model auto of Lawrence Palkes, while it was parked at the Madison Iron & Metal Co., Sixth and State streets, Madison, while it was reported to Madison police at 1:30 p.m. Thursday.

Sen. Vadalabene concluded that he hopes the inaction could not be read as a sign of another freeze. "As I heard someone say the other day, I believe the time has come for the governor to get it all together."

"If he would just release the funds as he said he would, we would have plenty of blacks and whites working together in this district."

JULY BRIDE. Mrs. Danny Paul, the former Miss Betty Bone, a daughter of Mr. and Mrs. Harold Bone, 2546 Ivy Lane. She was married at Tri-City Park Tabernacle. The groom is a son of Huye Paul and Mrs. Geneva Woodard, both of Granite City.

Miss Betty Bone and Danny Paul Are Wed

The wedding of Miss Betty Bone, a daughter of Mr. and Mrs. Harold Bone, 2546 Ivy Lane and Danny Paul, son of Mrs. Geneva Woodard, 2001 Cleveland Blvd., and Huye Paul, Rural Route One Granite City, was solemnized at 7 o'clock Friday evening at Tri-City Park Tabernacle.

Officiating at the double ring ceremony was the Rev. John Polizzi before a love gate arranged within an arch, entwined with greenery and flowers.

Nathan Polizzi and the Rev. Larry Swain sang "More." The Lords Prayer and "Love Is a Many Splendored Thing," accompanied at the organ by Mrs. Reed Johnson.

Attending the bridal couple were Miss Deborah Johnson, maid of honor, Mrs. Beverly Rose, Miss Lois McQuinnay and Miss Deborah Bone, a sister of the bride, bridesmaids, Teresa and Leslie Woodward, sisters of the groom, were the flower girls and Mike Bone, the bride's cousin, served as ring-bearer.

Best man was Pat Martin and the groomsmen included Mike Novosel, Wally Schmidt and Scott Bone, a cousin of the bride. Seating the guests were Kenneth and Harold Bone, brothers of the bride, and Nick A. Huniak.

Given in marriage by her father, the bride wore a white Chantilly lace gown designed in a princess silhouette style. The sabbine neckline was traced with tiny pink rosettes and the trim was repeated at the waistline, ending with a bow and long streamers at the back. Long bishop sleeves were set in the fitted bodice.

She wore a long, mantilla veil edged in delicate lace motifs and her bouquet was a cascade of white carnations centered with a corsage of lilac, pink and white carnations.

Creating a total "old fashioned" look, the adult attendants appeared in dress of lilac and white. Their gowns featured fitted bodices with long full sleeves, high collars and full length skirts.

A wide ruffle of lace trimmed the yoke and lace was repeated on the collars and cuffs and formed a wide band at the hemline.

Each attendant wore a picture hat of white spun straw

with a wide lilac satin ribbon band appliqued with lilac and white daisies of cotton Venice lace. Their flowers were arrangements of white carnations tipped in lilac.

Both flower girls wore frocks similar in style to the adult attendants' dresses in a d-e in baby pink voile. They held fire-side baskets filled with pom poms and wore white crown fitted hats, trimmed in pink chiffon.

Mrs. Bone chose for her daughter's wedding, a floor length navy blue polyester dress with long sleeves of white chiffon. Brocade lace edged the cuffs and encircled the waist and her corsage was white carnations, tipped in red.

The groom's mother, Mrs. Woodward, selected a green polyester dress, featuring long sleeves in a matching shade of chiffon. Brocade lace edged the cuffs, trimmed the collar and formed a center front panel on the gown. She wore a white carnation corsage.

Miss Barbara Bradshaw, a cousin of the bride, presided over the guest book at a reception held in the church fellowship hall following the ceremony.

Both young people were graduated from Granite City High School.

Out-of-town guests who attended the wedding were Mrs. Syed Ahmed and daughter from Inglewood, Calif., a sister of the groom, and Mr. and Mrs. T. W. Harris and Mrs. Azalia Marler, all of Van Buren, Mo., uncle and aunts of the bride.

Occupational Therapy Helps All Ages

HANDICRAFT THERAPY. Mrs. Pat Diel, occupational therapist at St. Elizabeth Hospital, displays handicraft items made by patients receiving occupational therapy treatment. The program benefits people of all ages with a variety of injuries, illnesses or disabilities and is part of a three-step approach to aiding patients toward physical, mental and social adjustment.

Occupational therapy plays an important role in aiding people with physical or emotional problems to achieve self-sufficiency by helping the "whole person" toward adjustment — physical, mental and social, according to Mrs. Pat Diel, occupational therapist at St. Elizabeth Hospital.

The approach to occupational therapy at St. Elizabeth's follows three steps: evaluation, program planning and re-evaluation and follow-up, Mrs. Diel said.

It is a program that benefits people of all ages with a variety of injuries, illnesses or disabilities, the specialist said. Among those involved in the program at the local hospital are pediatric patients (children), neurologically handicapped, the deaf and blind, physically handicapped, emotionally and mentally disturbed and the senior citizens.

In their three-step approach, the hospital staff members use evaluation to determine the patient's level of ability and disability, and program planning which includes training in self-care skills, maintenance of function and ability and helps to prepare patients to earn a living.

The third stage—re-evaluation and follow-up—is designed to assist the patient and family for a return to the community and normal life.

Job counseling also is included to help the patient find a job in which to apply their newly-learned skills and also help him adjust to employment, Mrs. Diel pointed out.

St. Elizabeth Hospital's occupational therapy department is located on the third floor of the Doctors Wing.

Eastern Star Chapter Initiates

Initiation ceremonies were conducted by Granite Chapter 650, Order of Eastern Star, for four new members at the last meeting of the chapter prior to summer adjournment. The group resumes meetings Aug. 25.

Mrs. Louise Meador, worthy matron, and Cleveland Cox, worthy patron, presided during the ceremony with other officers and also conducted the business session.

Those initiated were Miss Shirley Brokaw, Jerry Brokaw, Mrs. Donna Kacy and Denver B. Goodwin.

Mrs. Dorothy Brokaw, who serves in the office of Adah, participated in the initiation of her husband and daughter. Also attending the meeting were visitors representing Eastern Star chapters in Jennings, Mo.

other Illinois communities and Iowa. Mrs. Meador reviewed activities in June, including a visit from the grand officers of Illinois when more than 200 attended a meeting and reception, and on June 23 when fathers and brothers were honored. At the latter event all stations were filled by special guests, who later presented the worthy matron with a gift. After the final meeting, refreshments were served in the dining room, where travel folders and dolls decorated the tables, depicting vacation time. At the Aug. 25 meeting three area chapters will be honored. Both Mrs. Meador and Cleveland Cox are to serve as worthy matron and worthy patron, respectively, at the Columbia Chapter night Aug. 5.

Mexican Commission Picnic July 30

The Mexican Honorary Commission will hold its annual family picnic Sunday, July 30, Steve Ortiz, commission president, announced this week.

At a meeting of the commission at the Jaycee Clubhouse, 16 new members were accepted into the organization. Plans were made to sell emblems, costing \$2 each, with proceeds to be added to the building fund.

Surprise Party For Mrs. Wood

A surprise party was given last week honoring Mrs. Walter Wood and her son, Walter, of St. Petersburg Beach, Fla. Mrs. Wood is the former Miss Janet Ranft, who has been serving her parents, Mr. and Mrs. Carl Ranft, 2650 Delmar Ave., for the past two weeks.

A rummage sale, arranged by Mrs. Barbara Becerra, will be sponsored later in the summer to benefit the same fund. Members having articles they wish to donate to the project are asked to contact Mrs. Becerra, Ortiz said.

The guests presented Mrs. Wood and her son with a gift followed with a social evening in the Ranft residence.

The club gave special thanks to Norman Laird, who repaired a stand used at community events, and final plans were made for the annual picnic.

Tom and Elizabeth Carney served as hosts at the meeting.

Card Club Meets At Loftus Home

Mrs. Norma Loftus entertained members of the Card Club Thursday night. Members also honored Mrs. Shirley Brown on her birthday.

Business Women Leaders Plan Activities

The first presidential council meeting of the 1972-73 club year for the Illinois Federation of Business and Professional Women's Clubs (IFBPCW) was conducted at the Lewis and Clark Restaurant in East Alton to plan future events and discuss legislation pertaining to state club members.

Mrs. Minnie Koster, District 14 chairman, presided at the business session, attended by 46 club presidents and members.

Local women taking part were Mrs. Pauline Weir, Granite City BPW president, Mrs. Lil Marzull, first vice-president, Mrs. Verna Lengyel, Miss Ann-

ellen Smith and Mrs. Lorene Sadrakula.

Mrs. Catherine Burton, a state vice-president, urged District 14 officials to appoint a membership chairman to lead a drive to increase membership in the district to 2,500 women. She also suggested that program chairmen keep in mind the interests of career women when planning programs for monthly meetings.

Miss Annabel Woodring, past president of the Collinsville BPW Chapter, who was appointed district legislative chairman, announced the Equal Rights Amendment bill failed to be ratified by the Illinois House. She asked all members

to contact candidates regarding their views on the ERA bill, noting the significance during an election year.

Miss Woodring said a meeting for club presidents and their legislative chairmen is planned.

A letter from Mrs. Violet Davis, state president-elect, requested District 14 to host a leadership conference. The conference date was set for June 10, 1973 and will feature various workshops and a dinner meeting. A total of 400 women is expected to attend.

Other future events include a fall district meeting on Oct. 29 at the Stratford Hotel in Alton, with the Alton Chapter serving as hosts; and the spring meeting hosted by the Cahokia Club. A discussion was held on a "Fun Nite" project.

Miss Annelien Smith of Granite City was among those selected to serve on the planning committee for "Fun Nite."

Appointed to serve on a committee to review and update the district's by-laws were Mrs. Weir and presidents from the East St. Louis, Collinsville, Edwardsville and Alton clubs.

Whitts Mark 49th Anniversary

Mr. and Mrs. W. C. Whitt of St. James, Mo., formerly of Granite City, were guest of honor at a party given last night in the home of their daughter-in-law, Mr. and Mrs. James C. Whitt, 2320 Emerit St.

The honorees celebrated their 49th wedding anniversary and their birthdays. Mr. Whitt was 70 on July 10 and his wife observed her 64th birthday on July 12. They were married on July 14, 1923.

Mr. and Mrs. Whitt lived at 1228 Edwardsville Road for eight years prior to moving to St. James in 1968 when Mr. Whitt retired from A. O. Smith Corp. He was employed at the local plant since it opened.

More than 50 guests attended the reception, including nine of the Whitts' 13 children and 19 grandchildren.

Other than the host, the children present were Mrs. R. C. Lee and Billy Whitt, both of St. James; Mrs. Marie Elston, Mrs. Gene Kraft, Mrs. Verlin Rogers and Mrs. F. E. Mayes, all of Granite City; Bob Whitt of Maryville and Ronnie Whitt of Collinsville.

Four generations represented at the party were the guests of honor, their daughter, Mrs. R. C. Lee, her son, Donald Lee, who lives at 1653 Sycamore Ave., and his five-year-old daughter, Kelly Ann.

Conkovichs Take Seaway Cruise

A sightseeing cruise along parts of the St. Lawrence Seaway and a motor tour through historic areas of Ontario, Canada, were enjoyed by Mr. and Mrs. Steve Conkovich, 2802 Dogwood Drive, who returned home last week from an eight-day vacation.

The local couple boarded a cruise ship at Thunder Bay, Ont., and viewed the renowned Kakabeka Falls, a cascade of water 126-feet high and 225-feet wide. Other points of interest seen on the cruise included Gooseberry Falls, Split Rock Lighthouse and the world's largest grain elevators.

Mr. and Mrs. Conkovich started their holiday at Milwaukee, Wis., where they boarded a ship to cross Lake Michigan and spent some time on Mackinac Island, going to Sault Ste. Marie, Canada. They visited the Soo Locks and traveled to Wawa, Ont., about 340 miles north of Sault Ste. Marie.

Enroute home, the Conkovichs followed the Lake Superior circle drive, considered one of the most scenic motorways in North America. They returned through Duluth, Minn., and St. Paul.

Hospital Dietitian Chosen for Program

Mrs. Excella A. Basuel, therapeutic dietitian at St. Elizabeth Hospital has been accepted by the American Dietetic Association in Chicago to participate in a two-year "Pre-Planned Work Program" in hospital dietetics. At the present time the Granite City Hospital is the only hospital in the bi-state metropolitan area to have a two-year planned program as outlined by the American Dietetic Association.

A second individual if qualified may be accepted for training under the special program a hospital spokesman noted.

Mrs. Basuel was born in the Philippines and is a graduate of the Philippines Women's University where she majored in foods and nutrition. She served a one-year internship in dietetics at the Veterans Memorial Hospital in the Philippines. She came to the United States five years ago and attended the Los Angeles City College in California. In 1968 Mrs. Basuel became a dietitian with the Automatic Retailers of America, Inc., Food Management Services, based in California. She is now coming to Granite City 18 months ago and has been working at the hospital here the same length of time.

Benefit Saturday for Mission in Vietnam

The Assemblies of God with headquarters in Springfield, Mo., have received a special invitation from the South Vietnamese government to establish a Pentecostal mission in that country. It was announced today by the Rev. M. A. Groff, pastor of the First Assembly of God Church in Granite City.

To help support this endeavor, the local church congregation is planning a series of special benefit events starting Friday evening and continuing through the following day, the pastor said. The public is invited to take part, with proceeds to be donated to the mission project.

Initiating the festivities will be a "Chicken and Dumpling Dinner," to be served from 5 to 7:30 p.m. Friday in the church fellowship hall, 24th Street and Grand Avenue.

The dinner will be sponsored by the Bethany Circle, a missionary group and the Challengers, the young marrieds of the church. Patrons at the dinner also can take advantage of a bake sale which begins Friday evening and continues on Saturday.

The entire community is invited to participate Saturday in the one-day gala affair beginning at 9 a.m. with "Flea Market." The market will be staged on the church parking lot, across the street from the main post office on Madison Avenue.

Books, pictures and antiques will be included among the items offered for sale. Simultaneously, a rummage sale will be in progress at the same location featuring men's, women's and children's clothing and shoes, household articles and small appliances.

A car wash also is to be sponsored by youthful members of the church starting at 9 a.m. Saturday on the parking area.

Homemade Ice Cream Adding to the enjoyment of the day, sandwiches, home-made ice cream and cake will be served at the benefit site under a canopy, the Rev. Groff said.

The entire project is a part of this year's endeavor of the church to become "more mission conscious, both at home and abroad," the minister said. All of the proceeds will be sent directly to the Missions Department in Springfield to be used in establishing a mission in South Vietnam, the Rev. Groff added.

"We hope our many friends in the community who may wish to help will come and have a good time and be part of this special day and, at the same time, contribute to a worthy cause," the Rev. Groff stated.

Parents Without Partners, Inc., Granite Chapter 470, will hold a social dance at 5 p.m. today for prospective members and others interested in the organization at the home of chapter president, Joe Grobelnik, 3213 Wayne Ave.

Events planned for the remainder of this month and in August include an Hawaiian luau and dance at the Godfrey Civic Center, 327 South Ave., Godfrey, at 6:30 p.m. Saturday. Tickets may be obtained from Grobelnik by calling 452-8135, between 5 and 6 p.m.

Those planning to attend are asked to wear Hawaiian attire. Tickets cost \$3 per person for the dance, or \$6 for the dinner and dance.

Shower Honors Mrs. Howard Mrs. Martha Howard, who will be married to M. H. Wolf in August, was guest of honor at a bridal shower given last week by Mrs. Lora Wroten, 1610 Spruce St.

Assisting the hostess with the games were Mrs. Delphine Pulley and Mrs. Brenda Miller. Pastel pink and white decorated the buffet table. A white wedding bell was covered with sheer pink net and white rose buds and arranged in a basket festooned with a pink bow sharing the centerpiece.

Prizes were won by Miss Linda King and Miss Dorothy Cochran. Mrs. Sue Wroten presided at the guest book and with Mrs. Alice Robinson and Mrs. Brenda Miller served refreshments to the guests.

Those attending were Mesdames Norma Frost, Della Cochran, Virginia Clark, Eula Hill, Virginia Parker, Lucille Moore, Luena Hill, Betty Baldwin, Lula Whitehead, Virginia Allen, Marnie Fowler, Margaret May and Misses Isabelle Baldwin and Juanita Cochran.

The wedding will take place at Bethel Chapel.

Parents Group Seeks New Members

Members also are invited to attend a dinner, followed by a dance, at Peter and Mary's, 2401 Lincoln Ave., at 7 p.m. Sunday.

A family activity has been arranged for 6 p.m. Wednesday, with a dinner at Roderick's Restaurant, 2723 E. 24th Street.

Plans also are being made to spend Friday evening on the steamship Admiral. Those wishing to take part in the river trip are asked to meet at 7:30 p.m. Friday at the Shell service station in Bellemore Village Shopping Center, Grobelnik said.

Shower Honors Cheryl Meyer Mrs. Rosemary Meyer, 50 Janday Lane, entertained last week at a bridal shower for her niece, Miss Cheryl Lynn Meyer, who is to be married Aug. 5 in Idaho Falls, Idaho, to Don Meyer.

After the honored guest opened her gifts, games were played with several prizes awarded to the winners.

A luncheon was served by the hostess to Miss Rosemary Hansen and Mesdames Marjorie Bauer, Judy Bauer, Mary Baumberger, Evelyn Glosik, Mary Haroin, Darlene Harrison, Norma Hill, Harriet Hoff, Dorothy Johannmeier.

Mesdames Dorothy King, Pat Meyer, Anita Rosenberg, Sharon Salyers, Linda Sturman, Mary Wetzel, Minnie Wetzel, Betty Wigger, Marceline Williams the honoree's mother, Mrs. June Meyer, and her grandmother, Mrs. Mata Meyer.

Card Club Honors Veronica Wagner Mrs. Veronica Wagner was honored on her birthday and presented with a gift from members of her card club Thursday evening at a meeting in the home of Mrs. Margaret Richardson.

Those holding high scores in the pinocchio games and winning prizes were Mrs. Vera Carey, Mrs. Grace Range, Mrs. Grace Hennrich and Mrs. Clara Schilling.

Also attending were Mrs. Leona Parente and Mrs. Agnes Schwarzkopf, who will entertain the group at its Aug. 17 meeting in her home, 1633 Lindell Blvd.

Young Fiddle Player Hopes to Perpetuate Bluegrass Style

George Portz, a student at Southern Illinois University at Edwardsville from O'Fallon, is carrying on a family tradition and a musical tradition as well. He's following in his grandfather's footsteps as a bluegrass fiddler.

His grandfather, Perry Biggs of Brownstown, Ill., has been playing the fiddle for many years. When Biggs was young, he moved to Oklahoma to the oil fields and learned to play the traditional bluegrass style. In those days, each community had a local fiddler who played at all community gatherings.

About 20 years ago, Biggs moved to the Brownstown-Vandalia area as the bluegrass style began to move north into the Southern Illinois area.

Portz said five or six years ago his grandfather got him interested in playing the fiddle. "Once I got started and got interested in playing, the technique came easy," he remarked.

After he had been playing for a while, Portz entered contests with his grandfather, and in 1969 at the age of 16, Portz won the state championship at Shelbyville. His grandfather has won the state championship in the over-70 age class for the past four years.

"I think it was when I won the state championship that I really got interested in fiddle-playing," Portz recalled. "At that time, I only knew six or seven tunes, but I knew those in real well... and when the spotlight hit me, I knew then I was interested."

Portz has fiddled at square dances and bluegrass festivals from Virginia to Idaho.

"I started out playing old-style country music with the steel guitar, but my main interest now is traditional bluegrass."

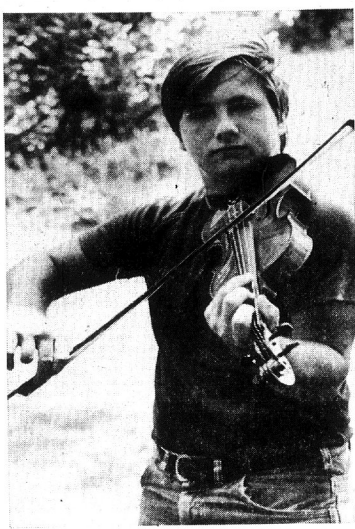

"I think the old bluegrass style has caught on more in the last five years or so than it has more than the 'Nashville sound' because it seems more genuine to me."

He is interested in perpetuating this traditional style because he says it is historically more genuine than the country- or country-and-western style of the Nashville set.

The center for bluegrass music is a little town in Indiana called Bean Blossom.

Portz makes a trip to Bean Blossom every year. People from all over the country turn out annually for an old-fashioned bluegrass festival.

The greatest part of this music is the people," Portz said.

MR. AND MRS. SPENCER V. MOORE, who were married at St. Margaret Mary Roman Catholic Church. The bride is the former Miss Christy Marie Heinz, a daughter of Mr. and Mrs. Edward J. Heinz, 2200 Glen Drive.

Moore-Heinz Wedding At St. Margaret Mary

Miss Christy Marie Heinz and Spencer Vance Moore exchanged wedding vows at noon on July 1 at St. Margaret Mary Roman Catholic Church.

The Rev. Robert Becker, pastor, officiated at the double ring ceremony. Wedding selections were provided by Mrs. Karen Greer, organist.

Parents of the couple are Mr. and Mrs. Edward J. Heinz, 2200 Glen Drive and Mr. and Mrs. Edward E. Moore, 41 Thomas Terrace, Edwardsville.

Given in marriage by her father, the bride chose a formal length dress of white voile over tulle designed with an Empire bodice of Nottingham lace.

The sleeves, fashioned of matching lace were fitted to the elbow then gathered to a wide circular flare of sheer fabric edged with a band of lace motifs.

Delicate lace formed rows of decorative trim on the lower part of the straight A-line skirt. A detachable chapel train, edged with a ruffle of Venice lace, was secured at the waistline.

She wore a profile headpiece created of Venice lace, accented with pearls, to secure a triple-tiered waist length veil.

Mrs. Fran Slater, matron of honor, was attired in a floor length gown in multi-colored floral design. Her dress was fashioned with a round neckline, long sleeves and Empire waist.

Jeff Wohlford served the groom as best man and ushers were Dave Dietzel and Rick Reutbuch.

Immediately following the ceremony, a reception was held at the Sunset Hills Country Club. The couple is now living in Chatsworth, Calif., after a wedding trip to Las Vegas, Nev.

Mr. and Mrs. Moore, parents of the groom, were hosts at a rehearsal dinner given at the Stop Light Restaurant.

Both mothers wore full length dresses for the wedding. Mrs. Heinz selected a frock made with a deep pink chiffon bodice in an Empire style and a white skirt enhaunched with floral motifs in pink and lavender.

The groom's mother appeared in a two-piece knit, featuring a white bodice and Kelly green skirt complemented with white appliques.

Mr. Moore is employed with Amheuser Busch of Van Nuys, Calif.

Eta Chapter Installs Mrs. Ervay

Mrs. Jo Ervay was installed as president of Eta Chapter of Phi Tau Omega Sorority at the chapter's annual installation party held last week at the Nook's Ark Restaurant in St. Charles, Mo.

After a social hour and dinner, a candlelight ceremony was conducted by Mrs. Mary Lou Richeson, retiring president, assisted by Mrs. Mary Evelyn Yenchow, retiring sergeant-at-arms, who served as the installing marshal.

Others taking office for the 1972-73 sorority year are: Mrs. Loraine Butler, vice-president; Miss Eunice Hatcher, recording secretary; Mrs. Evelyn Allen, social secretary; Mrs. Judy Adams, treasurer; Mrs. Lois Hodge, associate scribe; Mrs. Harriet Horn, sergeant-at-arms; and Mrs. Margaret Yackel. Proxies were used for Mrs. Buttrick and Mrs. Horn.

The dinner tables were attractively appointed with baskets of daisies as centerpieces. The arrangements later were blessed as prizes to Miss Dolores Sheridan, Miss Mary Hassler, Mrs. Evelyn Todd, Mrs. Barbara Ingram and Mrs. Adams.

Also attending were Misses Kathryn Weddell, Betty Krug, Martha Ruth Thomas and Hilda Schroeder and Mesdames Catherine Powers, Gladys Waggoner, Ann Tatum, Georgiana Van Buskirk and Shirley Morgan.

Communication Can End Unfair Myths—Speaker

Intercultural communication must be used to break through layers of misconception that have grown over hundreds of years between peoples of different nationalities or races, Ceylonese Ambassador Neville K. Nakarante said Thursday at a panel discussion in the East St. Louis Center of Southern Illinois University.

The discussion was arranged by Katherine Dunham, famed dancer who directs the SIU Performing Arts Training Center in East St. Louis. Panelists beside Nakarante were Miss Dunham, Frank Smith, chairman of the East St. Louis United Front; Julio Marzan, Puerto Rican poet; and Jeanette Stovall, assistant to Miss Dunham and staff member on leave from the United Nations.

"Over long periods of time, myths have grown and been cultivated—whether between blacks and whites, Arabs and Jews or other groups," Nakarante said. "When I first came to the U.S. a decade ago, I heard many white Americans saying that if only the colored people would do some work our problems would be solved. They were implying that all black people are lazy. We must overcome these myths."

The ambassador said that of nations may be a partial solution to communications problems. He said travelers see that people everywhere have virtues and vices unrelated to the color of their skin.

Smith said that before there can be intercultural communications in the U.S., people belonging to the same groups must understand each other.

"The black brothers in East St. Louis have started to communicate with each other in the last few years," Smith said. "Before we began talking among ourselves, the power structure was able to keep us apart. Now we're got lots of good things going in this city because we're reaching our brothers."

Miss Dunham said a city like East St. Louis runs the risk of isolation from the rest of the country unless its serious problems can be communicated to other people "so they can understand what needs to be done and help."

Miss Dunham said her personal aim, since coming to the SIU

Proceeds of the auction are used to purchase needed items for the Indians. Mr. Wilson plans to leave about Aug. 5 with five trucks loaded with 100,000 pounds of supplies for the Pine Ridge reservation.

East St. Louis Center, has been to bring East St. Louis back into the mainstream of American life. She said she has asked the Ceylonese ambassador to encourage visits to East St. Louis by members of the diplomatic corps and representatives from the United Nations.

James E. Williams, mayor of East St. Louis, was in the audience and participated, along with others from the audience, in exchanges with the panel.

Sgt. Bartow is assigned to Scott Air Force Base near Belleville as an aircraft mechanic with the 375th Aeronautical Airlift Wing, which earned the award for exceptionally meritorious service from August 1969 through June 1971. Wing members were cited for outstanding professionalism in operating and maintaining the domestic aeromedical airlift system at established high standards.

With a fleet of 12 C-9 Nightgales—the wing's primary aeromedical transport aircraft—the 375th moved nearly 170,000 sick or injured personnel during the period covered by the award. These included battle casualties

from Southeast Asia, 99% of whom were airlifted to their final destinations within 24 hours of arrival in the U. S.

Wing personnel also were recognized for developing and adapting new items of medical life-support and achieving an operational readiness rate exceeding Military Airlift Command standards for all types of aircraft.

Sgt. Bartow will wear a distinctive service ribbon to mark his affiliation with the unit.

The sergeant is a 1967 graduate of Granite City High School. His wife, Laura, is the daughter of Mrs. Betty Jo Collins, 2525 Stratford Lane.

TOWER LAKE CANOE TRIP. Walter Humphrey (right foreground) of East St. Louis, a group leader in the National Collegiate Athletic Association summer recreation program for children, starts a group of children on a canoe trip across Tower Lake at SIUE. Besides canoeing, the summer program includes activities such as various sports and health and cultural programs. John Flamer, assistant to the president at SIUE, serves as project administrator for the program, funded by the NCAA.

Emerson Classes for Pupils With Hearing Impairments

(Fourth of a Series)

Among the projects being conducted this summer by Special Education District Region 1 of Madison County, which serves the Quad-City area, is the deaf and hard of hearing program for elementary school age children.

The classes are conducted daily at Emerson School by Miss Joyce Berger of St. Ann, Mo.

Six deaf and six hard of hearing children participate and are being taught to make full use of their residual hearing, if any, and their abilities.

Miss Berger also assists in the development of speech and language skills. Work includes individual training and small group activities.

Each child is encouraged to bring an item from home to stimulate the morning's language work.

The youngsters talk about their items, compose stories about them and use the items to help improve expressive language, auditory skills and speech.

To supplement the academic program, the children take field trips to the library, bakery, and other places. They also swim two days per week at the YMCA with other special education summer students.

Miss Berger, whom the children call "Miss Joyce," is the first of two specially trained teachers hired by the special education district to work with handicapped children at the new Russell Johnson Elementary School.

The other new teacher, Miss

MISS JOYCE BERGER

Laura Rountree, will begin her duties in September.

Miss Berger was one of 10 students who graduated this year from Fontbonne College, St. Louis, in deaf education. All 10 graduates were under contract to school or special education districts before graduation.

She has participated in a curriculum development project for hearing impaired children through the Southwest Regional Program for Low Incidence Handicapped.

The program serves six counties and 38 school districts assisting in development of programs to aid the hearing and visually impaired and physical and multiple-handicap children.

Get Prisoners Home Before Debating Amnesty-- Howlett

Every American prisoner of war should be brought home and every returning veteran provided with employment before the issue of amnesty is discussed, Michael J. Howlett, state auditor of public accounts, said Saturday at Springfield.

Howlett spoke at the grand chef's luncheon of the 32nd annual state meeting of "La Societe des 40 Hommes et 8 Chevaux" in the St. Nicholas Hotel.

The Forty and Eight is an arm of the American Legion. It sponsors a child welfare program and backs a national policy of adequate arms for defense.

"A great deal of thought is now being given to inviting home all the deserters and draft dodgers as well as the conscientious objectors who went to Canada or elsewhere to avoid service in the U. S. armed forces," Howlett said.

"We shouldn't talk about amnesty until every returning veteran is taken care of and every prisoner of war is home."

"It is true the Vietnam war is unpopular. We are winding it down and bringing out our troops. There are sincere people who believe it was a mistake on our side from the start. Nobody but a mind reader could know if an individual resisted the war out of conscience or for experience. We will have to make a decision somewhere between welcoming home the runaways with open arms or invoking the full punishment of the law."

"But before working out a solution for those who refused to serve, we should be thinking about those who did serve. Some of them thought it was a dumb, stupid war, too, but served anyway rather than cop out."

"We have never had a war, from the Revolution to Vietnam, which could not have been challenged as immoral for some reason or other by anybody who didn't take to flight in it."

"Hundreds of thousands of American young men went to Southeast Asia, some willingly and some unwillingly, to serve in the military as a matter of duty and honor."

"More than 50,000 died there, and more than 300,000 were wounded. But those who finished their service and returned home after finding a mixed-up economy which has trouble finding a place for them."

"We should be seeing that they are trained to their capacity, rehabilitated if need be, and placed in decent jobs. Those who refused to serve can be taken care of later," he concluded.

225 Children in Recreation Plan At University

More than 225 underprivileged children from Madison and St. Clair counties in Illinois are participating in a summer recreation program at Southern Illinois University at Edwardsville for the second year.

The program, under the direction of John Flamer, SIUE's varsity cross-country coach, was made possible by a \$24,000 grant from the National Collegiate Athletic Association.

The youngsters, ages nine through 14, are taking part in softball, swimming, canoeing, basketball, wrestling, badminton, tennis, soccer, track and field, pingpong and touch football.

Joe Baum, assistant soccer coach for the past two seasons at SIUE, is activity director.

He is being assisted by several outstanding Cougar athletes, notably Tony Johnson, basketball star on the Cougars' basketball team last season, two star cross-country runners, Ralph Thorne and Bruce Ferry, and Cougar wrestlers Larry Pruitt and Tony Pierce.

The program opened June 20 and will continue through Aug. 2.

Each child made application through the Neighborhood Youth Corps in East St. Louis and was given a physical exam before being allowed to participate.

Toll-Free Safety Law Information Service

The U. S. Department of Labor's Occupational Safety and Health Administration is setting up a toll-free telephone service to answer questions about on-the-job safety problems of Illinois employers and employees outside Chicago.

Edward E. Estkowski, regional administrator for OSHA Region 5, centered at Chicago, has announced that toll-free calls may be made from anywhere in Illinois outside Chicago in non-working hours (4:30 p.m. to 8 a.m. weekdays and around-the-clock on weekends).

Callers may request information on all aspects of OSHA program activities. They also may use the new service to report situations of apparent imminent danger in the workplace, or job-site catastrophes or fatalities.

Bill to Label Blood As Bought, Donated

Copley News Service
Springfield — Gov. Richard B. Ogilvie has before him a bill which is called the Illinois Blood Labeling Act. It was passed by the General Assembly on June 27.

If signed into law by Ogilvie, it will mean that starting on Oct. 1 when a patient has a bottle of blood hung next to his or her bed—the bottle or pint will have to carry a label or sign with the wording "purchased" or "donated."

The bill was sponsored by Rep. Harber H. Hall, R-Bloomington.

A conference was held in Springfield in June to discuss the potential blood situation in Illinois. The Public Health Department will administer the Blood Labeling Act if Ogilvie signs the measure into law.

Some health officials and doctors feel that in blood that has been obtained through a purchase situation there is a greater possibility of hepatitis.

With the donated blood, this possibility diminishes a great deal, they believe. The cutting down of this possibility is what doctors and health officials are after.

Presently the commercial blood business does flourish in Illinois due to the fact that there is a shortage of blood, mainly in the Chicago area.

Some doctors have been hesitant in using the purchased blood because there is a question on being legally responsible if the blood is carrying hepatitis.

Some observers feel that by labeling blood that is to be used in a transfusion, it might

Dean Hollenbeck, 21, of 1013 Madison Ave., received minor injuries at 5:05 p.m. Thursday when the bicycle she was riding collided with the door of the car of Jerry A. Goskie, 810 Washington Ave., in front of Goskie's home. Goskie told police he had parked and was alighting from the car when the mishap occurred.

end the use of commercial blood.

At present the Public Health Department is working on a plan to outline the blood supply system in Illinois.

Rites For Infant Stephanie Rooney

Stephanie Ann Rooney, infant daughter of Mr. and Mrs. Robert Francis (Cheryl) Jean Rooney Jr., of 4012 Gaslight Walk, Apt. 1, was stillborn at 11:44 p.m. Sunday at St. Elizabeth Hospital.

She is the granddaughter of Mrs. Dana Fox of Madison and Mrs. Phyllis Rooney of Boston, and the great-granddaughter of Mrs. Tallia Poppychneff of Madison and Mrs. Helen Walsh of Boston.

Services were conducted in the obituary column.

Bicyclist, 10, Hit by Auto on Nameoki Road

Howard Theis, 10, son of Arthur Theis, 2102 Alexander St., was injured when the bicycle he was riding collided with the auto of Bonnie Smith, 2005 Saratoga Ave., in the 3000 block of Nameoki Road Thursday.

The driver said he rode in front of her car and she was unable to stop before the collision. He was taken by ambulance to St. Elizabeth Hospital, where he was treated for contusions to both upper legs. X-rays were taken and he was released.

Suit by Woman After Fall on Wet Sidewalk

Suits seeking \$25,000 judgments each against Zimring & Sons Tobacco and Candy Co. and Sky Auto Parts, both of Granite City, have been filed in Madison County Circuit Court by Blanche Steinberg.

She alleges she was injured when she slipped and fell on the sidewalk in front of 1832 State St., after a young boy hired to wash windows had made the walk slippery.

CAR TAKEN FROM HOME

The auto of Larry Mangarino, 3800 Village Lane, was stolen from his home while he was on a business trip, he reported at 8:35 p.m. Friday.

Gushleff, Freedmans Head Walker Volunteers in Area

Volunteer campaign coordinators for Dan Walker, Democratic candidate for governor, in this area have been named. Pat Quinn, Southwestern Illinois campaign director, said today.

Heading the volunteer organization in Granite City will be Barry Freedman and Mark Freedman, 2653 Cleveland blvd. Barry Freedman is a teacher in Granite City schools; his brother, Mark, is a student at the University of Illinois, working this summer at St. Elizabeth Hospital.

Woman Faces Charge Of Aggravated Battery

Mabel Newby, 24, of 511 W. Second St., Madison, was arrested by Madison police at her home at 12:20 p.m. Friday on a bench warrant charging aggravated battery.

She is charged with pouring scalding water on an 11-year-old Madison boy July 10. She was indicted by a grand jury at Edwardsville Thursday and bond was set at \$5,000. She was taken to the county jail.

Man Seeking \$50,000 For Railroad Injury

The Illinois Terminal Railroad is defendant in a \$50,000 suit which has been filed in Madison County Circuit Court by a worker who said he was injured when a coupler from a caboose fell on his right foot.

Robert W. Collins, who alleges severe injuries to his foot, charged that the railroad failed to provide a coupler pin which might have prevented the accident.

Three Recovering After Surgery at Hospital

Patients at St. Elizabeth Hospital who have undergone major surgery since Thursday.

Young Benefit Ball Game Set Saturday

A benefit softball game between the Madison Fire Department and the department's women's team will be held at 6 p.m. Saturday on the Third Street ball diamond in Madison.

The game is to obtain funds for John Young, a boy who is suffering from an eye disease which eventually will leave him blind. Donations will be accepted at the game and all proceeds from a concession stand at the game will go to the family of the boy to help finance trips to American historic and scenic areas while the boy still has his sight.

Spectators may bring lawn chairs to the game or limited bleacher seating is available.

\$150,000 Suit Filed Against GC Steel Co.

William E. Moore, a worker for S. M. Wilson & Co., has filed a \$150,000 suit against Granite City Steel Co. for injuries allegedly received while repairing a blast furnace on or about Aug. 8, 1971.

Moore charges that he was struck with a counterweight of a hoist while working, severely injuring his left shoulder and left leg. He alleges that the steel company failed to provide a proper hoist and a safe place to work and caused him to stand in an unsafe area while working.

Student government at that time sought to place conditions on control of the facility which were deemed unacceptable by the administration, and the work on the project was halted.

Since then, student government and the administration have agreed to the formation of a policy-advisory group. Because of the delay in the project, the original bids lapsed.

A review of the project has indicated financial advantages in combining the bids for the rigid-frame shower-locker area with bids for the foundation and floor surface. New combined bids were received July 10.

Low bidders are Heilung Construction Co., Alton, general contractor, \$96,172; Modern Plumbing and Heating Co., East Alton, plumbing, heating and air conditioning, \$36,136; France Plumbing, Heating and Air Conditioning Co., Edwardsville, ventilating, \$4,800; J. F. Incorporated, Edwardsville, electrical work, \$13,800.

Bids on the "bubble" itself were awarded in July 1971, totaling \$54,465. The bubble has been received and is being stored until the other contracts can be completed.

Officials at Heilung Construction Co. have indicated it will take 180 days to complete the project.

An additional \$46,656 in salary adjustments for civil service employees at SIUE was approved Friday by the trustees.

At its June meeting, the board had approved increases amounting to \$225,026 for the fiscal year beginning July 1.

At that time, it was the opinion of university administrators that this was the maximum of just compensation under rules of the federal Pay Board limiting increases to 5.5%.

Since the June meeting, university officials learned that it will be possible to use a total of \$271,682 appropriated for civil service personnel pay adjustments without violating Pay Board guidelines. Friday's action raises the amount designated for civil service salary adjustments to that level.

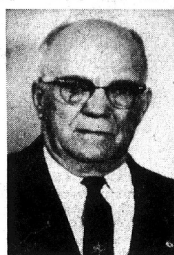

The resolution adopted by the trustees authorizes Dr. John S. Rendleman, president of the local university, to implement the additional increases. Increases will not be granted across-the-board but on an individual basis.

BURNED CAR DAMAGED

Vandals broke the windshield, pulled out the ignition wires and slashed the seat cover of the auto of David Mathis, 2302 E. 20th St., while the auto was parked at 20th Street and Rock Road. It was reported at 9:30 p.m. Saturday. Mathis left the car at that location after a fire damaged the vehicle. Granite City firemen extinguished the blaze.

MOTORCYCLE STOLEN

Lloyd Burris, 2318 Lincoln Ave., reported at 12:30 a.m. yesterday that his motorcycle was stolen overnight from in front of his home.

NICHOLAS WAKUS SR.

Nicholas Wakus, 73, Dies; Here 53 Years

Nicholas Wakus Sr., 73, of 1734 Sixth St., Madison, a native of Poland, was pronounced dead upon arrival at 2:50 a.m. Sunday at St. Elizabeth Hospital. He was taken from his home by ambulance. Mr. Wakus had been ill eight years.

He was employed at Laclede Steel Co. in Madison for 38 years as a millhand. He retired in 1964.

Born in Myscowa, Poland, he came to Madison 53 years ago. Mr. Wakus was a member of the Nativity of Virgin Mary Eastern Orthodox Church. He also belonged to the Russian Brotherhood Lodge 109 of which he was a past president.

Burglary at Fitter Market Nets \$700

Burglars took \$642 cash and \$65 worth of trading stamp books from Fitter Thrift Market, 4055 Pontoon Road, Pontoon Beach, police were told at 6:45 a.m. today.

Entry was gained through a hole in the roof which set off the alarm bell, officers said. Inside, the wires to the alarm were cut to shut off the bell, according to police.

The cash and trading stamps were taken from a cash box and several cash bags in the store office. Checks and food stamps were left in the box.

A freezer was moved under the hole in the roof, apparently for the burglars to climb on in order to crawl out through the hole.

AUTO ENGINE BURNS

A carburetor backfire started a fire which caused minor damage to the auto of S. Hollik, 1403 Grand Ave., at Niedringhaus and Delmar avenues at 12:15 p.m. Friday. Granite City firemen extinguished the flames.

Surviving are his widow, Mrs. Mary (Zieba) Wakus; a son, Nicholas Wakus Jr., of Creve Coeur, Mo.; three daughters, Mrs. Raymond D. (Anastasia) Wise of Ottumwa, Iowa, Miss Helen Wakus of St. Louis and Mrs. Robert (Elizabeth) Hagon of Granite City, and four grandchildren.

Funeral arrangements are given in the obituary column.

JOHNSON ROAD MISHAP
Autos of Christine Hurt, 2408 St. Clair Ave., and Peggy Ellen King, 2509 Hemlock Ave., were damaged in a mishap on Johnson Road at Nameoki Road, it was reported Thursday.

GRANTMASTER TIRE GUARANTEE

1. **Tread Life Guarantee Against Road Hazards**
We guarantee all Grantmaster tires against failure from all normal road hazards for the life of the tread with the exception of ordinary nail punctures, fire, theft, and misalignment, under-inflation, over-inflation and run-flat.

2. **Tread Life Guarantee Against Defects**
We guarantee the Grantmaster tires against all defects of material and workmanship for the life of the tread.

3. **Guaranteed Adjusted Tread Wear**
Should your Grantmaster tire require adjustment under Section 1 or 2 of the Guarantee, please return it to Grants and we will replace it by giving you a proportionate allowance for the unused tread, based on the current selling price, including Federal Excise Tax.

4. **Guaranteed Against Tread Wear**
The original tread is guaranteed not to wear out the number of months designated, or tread wears out during this period, the tire should be returned to Grants and we will replace it, charging the current regular selling price plus Federal Excise Tax less the following percentage allowance toward the purchase of a new tire.

Tire Guarantee	Allowance
18-24 Months	10%
24-36 Months	25%

This guarantee covers tires in passenger car service only. Passenger car tires used in commercial service reduce the guarantee period by 50%.
